Sorry, I was asked to reach out to you on this:

One of the things the DOC is trying to do is stay on top of when the Mayor's office is going to be doing either the "Angeleno Card" or grocery store voucher distributions/giveaways. LAPD wants to provide some site security for those out at the divisions. We're told there were some issues at one of them previously.

Do you know who a good point of contact would be to get that info? Mayor's Office of Public Safety?

Thanks,

Dae and [REDACTED]

I wanted to take a moment to connect you with Operation South Bureau, Deputy Chief Regina Scott and Commander Al Labrada to help coordinate logistics for today's daily briefing. Adding Chief Bea Girmala for awareness as the EOC Director.

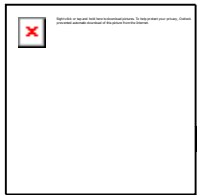

Chief and Commander, Dae is our Communications Director and I'm sure you know [REDACTED] (Mayor's Detail Supervisor). They will be able to assist with any questions and accommodations needed for today's event.

Dae, will there be a media advisory released? I ask because Chief Moore has concerns about the interest it will generate given that this will be [REDACTED] first visit out in the community, e.g. mass media turnout, community turnout, and car protestors turnout. Will the advisory include location?

Thanks, everyone.

[Mayor meeting this morning](#)

My daughter just came back from a small round table meeting with 20 people at the Erwin Hotel. The meeting was called for by the Mayor's office and the Venice Chamber of Commerce. LA had a record year in tourism with 50m tourists of which 15m came to visit Venice making Venice Beach one of the largest tourist attractions. Having said that, Venice sees proportionally less tourist dollars as the approval process for hotel, restaurants, bars, etc. is totally prohibitive and makes it nearly impossible to open a successful project. The owner of Great White explained that the

new BH Homeless Shelter went through without any need for Coastal Commission approval. Meanwhile he has been waiting for a year to get approval for a new front door for his small restaurant. The mayor says that he is trying to take care of the homeless problem but instead is turning Venice into a heaven for homeless – and instead of helping local businesses building boutique hotels and cute restaurants; Coastal Commission makes that next to impossible – whilst making it super easy to build homeless shelters in residential areas. Turning Venice into a high crime center for homeless, transients, mentally challenged and drug users – will of course result in a negative image and a drop in tourism – and thus making even harder for local businesses to operate. In short, Venice is a SUPER CONTRIBUTOR to the overall LA economy and is severely punished by making it easy for transients, etc. but very difficult for local business owners. I will attend the next meeting myself.

To: Francesca Vega <francesca.vega@csun.edu>
Subject: Hate-Filled Threat and Symbols on Academic Building Walls
Reply-To: Do Not Reply <donotreply@csun.edu>

To the Campus Community,

As CSUN Chief of Police Anne Glavin shared last night, CSUN Police is vigorously investigating a threat of a mass shooting written on the walls of several academic buildings. At this time, there is no indication that the threat of a mass shooting is an imminent threat to campus. While we cannot share specifics in order to protect the integrity of the ongoing investigation, please pay attention. Please be assured that we are taking every step to ensure the safety of our campus community, including collaborating with other law enforcement partners.

Based on a threat assessment and current circumstances, classes remain in session, and finals will continue as planned. Particularly impacted by this threat and the hate-filled language, I encourage you to speak to your instructors or staff for support and adjustment. Additionally, CSUN will be evaluating what accommodations may be needed for students as they head into finals. We will communicate with students and employees should we need to make changes relating to finals and the status of classes.

It saddens and angers me that the hate and threat of violence affecting colleges, universities and communities near CSUN for this cowardly act that seeks to intimidate. Students learning in a safe and supportive environment is our priority. As campus patrols, I am asking all administrators and campus leaders to be visible on campus today and in the days to come.

I can assure you that CSUN Police is entirely focused on the safety of our campus. We all play a role in reporting such hate at every turn and not allow it to take root, fester or spread. We must rise above and not allow the actions of others to impede the pursuit of knowledge and inclusive excellence.

I retain my faith in our community and in our highly capable professional police force to protect our campus. We will continue to work together. As we learn more, we will provide updates.

Sincerely,

Dianne F. Harrison, Ph.D.

Hey [REDACTED]

Sorry for the delay in sending this. It's been crazy with all of the womens conference planning!

This event is technically a CD11 hosted event that the mayor is just attending, so I'm not completely in the loop with all of the planning. But I've provided the logistics I'm currently tracking below:

Event Overview

This event follows the Venice canvass from Sat. August 11 where [REDACTED] and CM Bonin faced some active resistance to the Bridge Home project. Due to some crowd control issues from that event, our office is now working with CD11 to ensure that the electeds' safety and logistics are thoroughly considered.

Claudia will be [REDACTED] for the event and I will be on site to [REDACTED]

Location

Current location is Westminster Avenue Elementary School 1010 Abbot Kinney Blvd. Venice CA 90291 inside the auditorium (500 capacity). Due to overwhelming response to the invite and the nature of the event, CD11 believes attendance will run well over 500 people. There is an overflow plan that can accommodate a few hundred people in an outside picnic area (the mayor would not engage with the overflow). You can get a general sense of the site layout in the attached powerpoint.

There has been some back and forth on whether or not we will move the event outside entirely but Claudia might have more updates on that by our call tomorrow.

Timing

5:00PM crowd arrival and registration

6:15PM crowd is in venue/overflow space

6:30PM [REDACTED]

[REDACTED]

6:30PM Program begins

6:55PM Audience Q&A begins [REDACTED]

[REDACTED]

8:00PM Event ends; [REDACTED] (CM Bonin will likely stay a bit longer to take questions informally)

Crowd Logistics

CD11 blasted out the invite to their entire constituency list of ~15k. So many people are aware of this event, but will likely turnout an attendance of 500-800. All attendees will be checked in upon arrival. [REDACTED]
[REDACTED]
[REDACTED]

Once previously RSVP'd guests are inside, we will fill any remaining seats with people from the outdoor overflow.

Let me know if you need anything else! Otherwise, we'll touch base tomorrow at 11AM.

Claudia - feel free to follow up with any updates or edits to this information if I'm incorrect or forgetting anything.

Thanks!

Hello, Sergeant,

Is forwarding this to you the best way to get the LA County Fairgrounds security connected with Mayor's detail in advance of this coming Saturday's parade and subsequent VIP reception? Would you like me to share any info with the organizer?

See below, highlighted in yellow.

Hi Kevin,

Who I should connect Fairplex's head of security with on your team?

Please review and let me know if you have additional questions.

Thanks,

This was initially referred to Manav, who I just learned is no longer here, so there was no reply.

If they are to assist in Lusanne, Switzerland, they need some sort of itinerary. We started this process over 3 weeks ago, when detail asked for it to arrange security. Is there anyway we can send him what we have?

Thanks so much!

Hi Yoomee,

I just got off the phone with my colleague in Lausanne (François Cornu), from the Economic Development Agency for canton Vaud.

Could you provide us with Mr. Garcetti's agenda during his stay in Lausanne as this would be quite helpful (it would help my colleagues as they inquire about the security question). Also, I believe you may be meeting with the IOC, have you already contacted them directly regarding security? - we just want to make sure so we don't duplicate the efforts.

Thank you,

The men and women who have died in defense of our freedoms may have been lost to the misery of war and conflict, but their heroism will ring out through the ages. Every American owes an incalculable debt of gratitude to all people — native-born and immigrants from all over the world — who have given their lives while wearing our nation's uniform. My wish is that Memorial Day brings moments to remember their stories, reflect on their bravery, and meditate on the fullness of their sacrifice.

Good afternoon Jessica and Poonam,

In preparation for the Small Business Awards Ceremony that [REDACTED] is attending Monday at 9:50am, the Small Business team felt it prudent and necessary to [REDACTED] to help manage crowd control at the event. [REDACTED] will be onsite during the day to ensure visitors of the observation deck are able to access the deck without disturbing the awards ceremony.

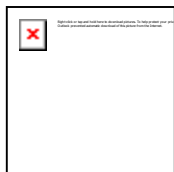

In addition, given the anticipated increase of visitors to the City Hall area for the May Day rally and concert, [REDACTED] has been asked to help escort the Mayor from his office to Bradley Tower and back. I am not sure who will be the Mayor's detail that morning, but wanted to ask if this message could be relayed in advance so they were aware. I can still meet with detail at Bradley tower in advance as usual.

Let me know if there are any questions or concerns.

Thanks, and have a great weekend.

When you have a minute today or next week, would be great to sync up on the Evaluation Commission visit and some of the logistics challenges it creates for security.

The dates are Tuesday 5/9 - Friday 5/12. Not sure if you know which officers are working those days.

I hope that you're well. The Mayor has an event at USC on Friday and they will have some security in place. They have security-related questions. Can I connect them to you?

Thanks!

Good morning all.

Distribution will start on Tuesday at 16 sites. I was on a call last week with Captain Aaron Ponce and was told [REDACTED]

I received an email over the weekend from Sgt. Stacey VanDersall (31895), Central Div. Special Events Coordinator, and I will be coordinating with her today regarding Mayor's GRYD Office staff assignments to the CP. CP will be at Central Division Special Events starting at 0800 tomorrow.

I will send the site list and distribution plan once I am at my desk.

Let me know if you have any questions or need further information.

Best,
Anne

Sorry, I was asked to reach out to you on this:

One of the things the DOC is trying to do is stay on top of when the Mayor's office is going to be doing either the "Angeleno Card" or grocery store voucher distributions/giveaways. LAPD wants to provide some site security for those out at the divisions. We're told there were some issues at one of them previously.

Do you know who a good point of contact would be to get that info? Mayor's Office of Public Safety?

Dae and [REDACTED]

I wanted to take a moment to connect you with Operation South Bureau, Deputy Chief Regina Scott and Commander Al Labrada to help coordinate logistics for today's daily briefing. Adding Chief Bea Girmala for awareness as the EOC Director.

Chief and Commander, Dae is our Communications Director and I'm sure you know [REDACTED] (Mayor's Detail Supervisor). They will be able to assist with any questions and accommodations needed for today's event.

Dae, will there be a media advisory released? I ask because Chief Moore has concerns about the interest it will generate given that this will be [REDACTED] first visit out in the community, e.g. mass media turnout, community turnout, and car protestors turnout. Will the advisory include location?

Thanks, everyone.

Breelyn,

We are pleased that Mayor Garcetti will be joining us for the State of the State Address tomorrow.

The Address is being held at the State Capitol in the Assembly Chambers. Guests of the Governor and First Partner are being seated in the Assembly Chambers Gallery (which is the balcony). We have Mayor Garcetti seated in the front row of the gallery (in front of the First Partner and our Chief of Staff, Ann O'Leary). He is seated alongside the other mayors who will be in attendance for the Address.

There will be a small reception before the State of the State in the Governor's Council Room (starting at 9:30am). Guests of the Governor will then be escorted up to the Assembly Gallery. The Address begins at 10:30 and we will be seating the First Partner and Chief of Staff at 10:15.

We will also have an Open House at the Governor's Mansion from 4-6pm. Will you still be in Sacramento at that time?

By way of this email I am connecting you to our Director of Advance, Emily Dredd, who will connect you with the Governor's detail to coordinate arrivals, private access, etc.

Please let me know any other questions that come to mind. My cell is [REDACTED]

Hey [REDACTED]

I haven't seen you yet but I am back! I am now on the MOPS team doing resilience. I took Marissa Aho's job (though technically, I am still a DWP employee).

I am e-mailing you a) to say hello and see how things are with you and b) to give you a heads up that if OK with you, I am going to connect you to Westfield's security folk. [REDACTED] is doing an event with Lucy Jones at the Westfield Century City on 9/26 and their security folks would like to be in touch with Mayor's detail about logistics. Would it be OK to e-connect you to them?

I hope all is well with you and that we are working the same event soon!

There seem to be a lot of semi-professional documentary filmmakers coming to this, so expect a lot of filming.

Hey [REDACTED]

Hopefully it's not a big deal, but wanted to flag for you that the Mayor is scheduled to be at Cal State Northridge on Dec 12th from 10am - 11am for a press conference announcing a huge federal grant to Los Angeles (78 million).

Just saw this article that there is shooting threat the same day.

<https://www.nbclosangeles.com/news/local/Graffiti-Makes-Shooting-Threat-at-CSU-Northridge-502041582.html>

Ramon Covarrubias and Steve Zimme are doing the BP and organizing event.

Jaqui Serrano will be the Mayor's staff that day.

[RUDE AWAKENING FOR ERIC GARCETTI: WHY WE CRASHED THE MAYOR'S MANSION](#)

This Saturday morning Los Angeles's occasional mayor, Eric Garcetti, was rudely awoken by a contingent of DSA Los Angeles members who were — and still are — truly disgusted with his conduct and recent statements. Even though he identifies as the “tip of the spear” of the resistance, Garcetti's positions on many issues is closer to Trump than it is to his own set of alleged progressive values. Under Eric Garcetti's leadership, White Supremacy continues to reign in Los Angeles.

Led by members of the Housing and Homelessness Committee and NOlympics LA, the group **protested** outside the Mayor's mansion in Windsor Square and called out Garcetti for a litany of toxic policies, statements, and positions he's recently rolled out regarding housing, homelessness, criminalization, and immigration:

Garcetti doesn't care about the unhoused

He wants to criminalize sleeping on the sidewalk in the American city with the most people sleeping on the streets. On Friday, June 22 Garcetti told **the LA Times** he wanted to reinstate the ban on sleeping on the sidewalks in Los Angeles between 9am and 6pm, claiming that enough supportive housing and shelter beds are available so that sleeping on the streets is no longer necessary. This move to further criminalize some of our most vulnerable residents is disgusting and a clear dog whistle to his masters — developers, tech barons, and the LAPD — that he is on their side. It also comes after **LA Times revealed** that voter-approved funds for the construction of 10,000 permanent supportive housing units for the unhoused — which Garcetti continues to brag about as a signature accomplishment — are now drastically less than originally promised. In an attempt to distract from this and appease his masters, Garcetti is now pushing for the immediate construction of 'Bridge Housing' — a deceptive name for more temporary shelters which historically have strict rules and separate family members. Attached to this 20 million dollar shelter plan is an additional 29 million for more police and sanitation sweeps of unhoused Angelenos — a population which continues to be disproportionately Black and increasingly Latinx. It is a plan that has nothing to do with housing the homeless, and everything to do with criminalizing and erasing the homeless from sight.

Garcetti ensures LA is not a sanctuary city

By aiding federal and local law enforcement, Garcetti enables the deportation machine while pretending to be an ally of immigrants. Garcetti recently traveled to the Texas border for photo opps claiming he wants to #KeepFamiliesTogether, yet he has never pushed for Los Angeles to be a true sanctuary city. Instead, **he's allowed ICE** and other federal law enforcement agencies to coordinate with local law enforcement throughout his entire tenure. This includes LAPD sharing intelligence with ICE via the CalGang database system, and allowing ICE access to LA jails. Later on the same day we protested and urged him to make LA a true sanctuary city, Garcetti spoke at the immigration rally downtown and proved that he doesn't want to abolish ICE or stop their coordination with law enforcement in LA. Instead, while members of DSA-LA and other groups drowned him out in boos and chants of "ICE out of LA," Garcetti declared he doesn't want to abolish ICE and other agencies. He just wants ICE to "do its job," which is an unacceptable and inhumane position in general but especially for an area with 800,000 undocumented people. He also will support taking money from Trump's DHS for the racist Countering Violent Extremism (CVE) program.

Garcetti is a cop

Garcetti recently hired a new murderous police chief to take over for the last murderous police chief, ensuring no meaningful reform to come internally for what is arguably the most militant, most heavily funded, and most corrupt American police department. As President of City Council in 2006, he backed then LAPD Chief Bill Bratton's **Safer Cities Initiative** which dramatically increased the criminalization and harassment of Skid Row residents, effectively making it the most policed community in the world. He endorsed the **roll back of three decades of police reform** last year, props up a DA who will never prosecute a killer cop, and still governs over the largest group of incarcerated people on the planet. He travels to Texas to shed crocodile tears for children locked in ICE cages while families and entire communities continue to be torn apart and locked in cages throughout Los Angeles.

These points demonstrate whom Eric Garcetti is truly working for. It's not the unhoused. It's not the undocumented. Or people of color. Or the "middle class" and small business owners. He serves the status quo: the obscenely wealthy and the police state enlisted to protect them. He has even referred to himself as **"true partners"** with Donald Trump, with our Democrat mayor willing to work with the Trump administration to extract favors from each other. **"Leverage us and we'll leverage you."**

Our Saturday of disruption was the first in a wave of actions which will expose his and other elected officials' complete disregard for human life and dignity. They all exist to profit by holding up a truly broken system, and we know profound change is imminent as leftists the country are taking back control of their communities. Because they value profit over people, these Democrats are in most cases no better than their Republican counterparts.

We won't rest until ICE and every other fed is run out of LA, every Angeleno has options of where to sleep, being poor is decriminalized, and we've created a path to divest and disarm local law enforcement. We'll ensure these politicians are pushed towards these positions or are run out of public life to make space for candidates who are actually willing to govern for the many, like DSA chapters are doing all over the country.

If Eric Garcetti won't recognize our demands, we're going to make sure he feels just as vulnerable and attacked as the hundreds of thousands of Angelenos he's decided aren't worthy of basic human decency.

Get some rest, Eric. It's gonna be a long summer.

They did. They accompanied the Mayor to the Bradley Tower. they talked to [REDACTED] but I was confused as to why they were here. Extra back up or something like that.

Good afternoon Jessica and Poonam,

In preparation for the Small Business Awards Ceremony that [REDACTED] is attending Monday at 9:50am, the Small Business team felt it prudent and necessary to secure additional LAPD officers to help manage crowd control at the event. [REDACTED] officers will be onsite during the day to ensure visitors of the observation deck are able to access the deck without disturbing the awards ceremony.

In addition, given the anticipated increase of visitors to the City Hall area for the May Day rally and concert, [REDACTED] [REDACTED] has been asked to help escort the Mayor from his office to Bradley Tower and back. I am not sure who will be the Mayor's detail that morning, but wanted to ask if this message could be relayed in advance so they were aware. I can still meet with detail at Bradley tower in advance as usual.

Let me know if there are any questions or concerns.

Thanks, and have a great weekend.

Fyi, looks like it will be happening tomorrow. I am at the getty now and will keep you posted if anything changes.

Good morning,

As discussed on the phone, a planned event for a demonstration to occur at the Getty House (Mayor's Mansion) has been found.

The group "Preserve LA" is planning to have a "press conference" at the Getty House and the details to this event were posted yesterday at approx. 2200 hrs. It states that the event will take place Wednesday, August 17th at 10:30 am.

[REDACTED] A [REDACTED] of the Getty House did not reveal anything significant to report. This event has NOT been posted/mentioned on the PreserveLA website or official SM accounts.

DMU will continue to monitor this event and will provide updates if necessary.
