That looks good. Once the bill is passed, it will be interesting to see how the training and rubrics are built and promulgated around the requirement. That will be where the real work starts.

This is the bill that's going to encompass one of our program's asks. It will be carried by someone outside of Loudoun, and is more comprehensive. I believe it encompasses what we were asking for and am OK with that path forward. Please let me know this morning if you have other thoughts.
