

September 27, 2021

Mr. William F. Marshall
Judicial Watch, Inc.
BMarshall@judicialwatch.org

Dear Mr. Marshall:

I have received your Maryland Public Information Act (MPIA) request seeking copies of records from Montgomery County Public Schools (MCPS) regarding:

All records related to the development and implementation of a "Psychoeducational Lesson" related to a purported "dual pandemic" of COVID-19/systemic racism in use by the Montgomery County Public Schools. You requested email communications between MCPS officials responsible for formulating and implementing the lesson, but not limited to those communications of Cheree Price, and all other policy documents regarding its development. The timeframe for the requested records is July 1, 2020 to the present.

I am responding on behalf of the superintendent of schools who, as official custodian of records for the school system, is responsible for replies under the Maryland Public Information Act, Title 4 of the General Provisions (GP) Article.

Please find partial responsive documents to your request in the link below. The link needs to be copy and pasted into a google chrome browser:

https://drive.google.com/drive/folders/1knXNYHVXbB4YWB8KWjK5Hldly5k_POSd?usp=sharing

Please know that documents were redacted in accordance with the "inter-agency and intra-agency letters or memoranda" exception under GP § 4-344 and the "privileged or confidential by law" exception under GP § 4-301, which encompasses the attorney-client privilege.

We are working to provide the remainder of the responsive information. However, there are thousands of pages to review and redact, which require a significant amount of time.

If you believe you have been wrongly denied a public record, you are entitled to seek judicial review of this decision pursuant to GP § 4-362. In addition, pursuant to GP § 4-1B-01 et seq., you also have the option to express any concerns about this decision to the Public Access Ombudsman.

With regards,

Christopher C. Cram
Director, Department of Communications

Subject: August 26, 2020 COVID-19 Update
Date: Wednesday, August 26, 2020 7:27:47 AM

Dear Principals,

Today's update contains a number of important items specific to protective orders, ESOL Accountability (updated from yesterday), Be Well Recovery lessons, professional development, and technology updates. Last night, you received notice that the MCPS Recovery of Education Virtual Plan for the Fall was approved by the Board of Education. As the next days and weeks unfold, collectively, we embark upon what we have never before been challenged to do. We are up to that challenge and as a learning organization, we will all learn together. As was stated many times in the Board of Education meeting – this is not a perfect plan. We know that the State Board will be weighing in on the idea of setting uniform expectations across districts and our plan may need to be adjusted in response to information intended to be made available on September 1, 2020. In the meantime, MCPS will continue to gather feedback from all stakeholders over the coming weeks and months with every intention of providing for continuous improvement to our virtual teaching and learning plan. It is with deepest gratitude, I express my thank you to the recipients of these updates, the design teams, and all of the stakeholders who have contributed their thoughts and ideas along the way. There is so much more to do and it is critically important that in all things related to the execution of this plan on behalf of our 166,000 students, their families and our school communities, we do so with the utmost care and compassion.

Guidance to schools regarding parental/custodial protective orders

Schools should consult with the Office of the General Counsel and/or Student Welfare and Compliance regarding questions about parent/custodial requests for access to school and potential Zoom events (ie. Back-to-School Night, etc.) during these times of virtual school. Non-custodial parents who request Zoom login information should **not** be granted connection information. (This could result in parents logging in to classrooms/school events and “listening in” even though they do not have visitation or contact rights. Additionally, parents should not login to Zoom classrooms and observe class when the child is not with them. If teachers note a parent logging in separately from their student, they should notify their principal who can seek support from OGC or Compliance as needed.

-
-

ESOL Accountability- Updated

This [link](#) is for the ESOL Accountability and Compliance Updates for the week of August, 24, 2020. These updates are for Administrators K-12, ESOL teachers K-12, Resource Teachers & Content Specialists grades 6-12, or anyone who is responsible for ESOL Accountability Tasks in your building. **The information for the Virtual EL Identification has been updated.** If you have questions about the information in this update, please email Leslie Chavis, ESOL Achievement Specialists, and copy Tamisha L. Sampson, K-12 ESOL Accountability Supervisor.

Be Well Recovery Student Psychoeducational Lessons and Student Well-Being Teams- ACTION

As we start the school year, all schools will continue to implement the student well-being teams that started this past spring. The teams will be there to support students and their families that are struggling with attendance and social-emotional concerns. To support students at the start of the year, all schools will be required to implement a student psychoeducational lesson during one of the school's mandatory Social-Emotional Learning (SEL) block before September 18, 2020. This lesson will provide students crisis facts about the dual pandemic (COVID-19 and systemic racism) that is occurring around the country and here in Montgomery County. It will also provide information on common crisis feelings/reactions, stress management strategies, and where to find help. Teachers will implement these lessons with coaching from the building counselors, psychologists, and other school-based mental health staff. There is also a referral form that building staff can complete if they have any concerns about student attendance and social-emotional well-being. The referral will go to the student well-being teams. Information about the student psychoeducational lessons, the referral form, and additional information can be found in this [one-pager](#). Additional information about the mandatory SEL lessons for each school will be sent in a separate message.

-

Professional Development Opportunities Open to Staff:

As part of its recovery plan, MCPS has developed a [website for staff, students and families](#) that highlights ongoing professional learning opportunities for the virtual opening of schools.

For staff, training opportunities are focused around these key areas:

- Technology
- Curriculum, Instruction and Assessment
- Pedagogy
- Social-Emotional Well-Being and Coaching for Engagement/Success
- Accessibility Tools for Instruction and Home
- Equity
- Health and Safety
- Onboarding, Induction, Mentoring, Communication and Collaboration

The professional learning opportunities are grounded in equity and social-emotional learning to ensure that equitable environments are established in the virtual and traditional learning spaces. Professional learning opportunities will be updated throughout the year, so please check back frequently. If you are interested in Continuing Professional Development (CPD) courses for the fall semester (Fiscal Year 2021), register through the [Professional Development Online \(PDO\)](#) system. The fall semester runs from October 2020 through January 2021.

Office of Technology Innovation:

ParentVUE Support for Parents

- If families did not receive an email with ParentVUE activation information, they can call 240-740-7020 or email communitytechsupport@mcpsmd.org
- If parents can only see some children but not all, please complete this form and we will merge accounts:
<https://docs.google.com/forms/d/e/1FAIpQLSc3RJam5Fl3jdbhxmSstrSLB-ybJ3Gwp4sB8dPAwqj1VjmzNg/viewform>

Taking Attendance in Synergy TeacherVUE

Here is a quick screencast on how teachers can use Zoom reports to take attendance in Synergy TeacherVUE:

<https://youtu.be/J3Ktl4UPlSk>

Principal Webinar Rooms

All secondary principals should have a webinar room assigned to them in Zoom. You should see it listed in your Zoom account. When setting up your meeting, if you want parents to join your webinar, be sure to uncheck "Authenticated Users Only" to allow non-MCPS participants. Elementary principals will have Zoom webinar rooms by the end of this week.

Directions for running a webinar:

https://docs.google.com/document/d/1v8qUyK4TtbDxD305oL6RRkZT_WTkgkmG82eDf4HV-H8/edit?usp=sharing

Password Reports

Both password reports are updated and can be used to provide logins and passwords to students. All families were sent a ConnectEd email early Monday morning with login information as well.

- Student Password (Students Assigned to School Location)

- Student Password (Students Assigned to Homeroom):

Verifying Parent Submissions for ParentVUE Annual Verification

Parents are starting to activate their ParentVUE accounts and submit updates to their information. This is a similar process to what they did in PowerSchool with updating emergency cards. Here are directions for how secretaries and other school staff can review these updates, make edits, and approve the updates:

<https://docs.google.com/document/d/1cysoQXFYHDHlgiXwEgZgBG37CJQ7O5HcoZutNDyCTM/edit#heading=h.4noosnpaxqe>

Here is the link to the complete guide for parent submission of online registration and verification:

<https://docs.google.com/document/d/1cysoQXFYHDHlgiXwEgZgBG37CJQ7O5HcoZutNDyCTM/edit#heading=h.4noosnpaxqe>

Posting a Zoom Recording in myMCPS Classroom

Here are two short screencasts for how to post a Zoom recording in myMCPS Classroom:

- Posting Zoom Cloud Recording Links in Canvas Announcements: <https://youtu.be/zmx4xfTaFBQ>
- How to Download Zoom Recordings and Upload Into myMCPS Classroom on a Chromebook:

Subject: September 29, 2020 COVID-19 Update
Date: Tuesday, September 29, 2020 12:59:52 PM

Dear Principals,

The updates include an update to the student well-being and psychoeducational lesson timeline and curriculum updates.

Student Well-Being Team and Psychoeducational Lesson Update

- With an understanding of the multiple requests for information to each of the schools, we are extending the deadline for two responsibilities. The organizational materials that were requested to be submitted for the student well-being teams (previous deadline, September 25, 2020) and the implementation of the psychoeducational lessons has been moved to the last day of the first quarter ([November 9, 2020](#)).
- This will allow for those schools that are in need of additional support and resources to receive coaching and training for their staff.
- In addition, a systemic data collection impact tool is being developed in order for the work of the Student Well Being Teams to be captured in a way that allows for system wide and school-based analysis and reporting. This will enhance the student tracking tool that was provided in the August 26, 2020 one-pager that discussed the psychoeducational lessons and the student well-being teams.

Action Items

- Submit the organizational materials for the student well-being teams no later than [November 9, 2020](#).
- Implement the psychoeducational lessons no later than [November 9, 2020](#).
- Please share these additional resources that can be found in the link below to support the teams and the lessons. [REDACTED]

Curriculum Updates:

Elementary (*linked below*)

Secondary (*linked below*)

ESOL [updates](#)

[Secondary Social Studies Updates](#)

[K-12 ESOL Accountability Updates for Week of 9/28/20](#)

Update from Montgomery County Public Libraries

Click [here](#) for messages from Montgomery County Public Libraries (MCPL) concerning their services to support instruction, as well as important information finalizing the MCPL Summer Read and Learn program. Please ask your library media specialist to disseminate the information appropriately during their library instruction or through their public facing, online presence.

OTLS Office Hours

Different from previous office hours, this Friday the OTLS team will not be answering questions on current work, rather seeking your thoughts and ideas for future work. This week's office hours will focus on **[initial feedback & design considerations for small groups of students to return to in building learning experiences](#)**. Office hours will provide an opportunity to engage in an exchange of ideas around the metrics that would be used to:

- Identify & recommend student groups to prioritize for in building learning opportunities
- Recommend schedule and instructional approaches for small groups in schools (full schedule or support).

As always, office hours are open for you to bring any member of your administrative team and teacher leader team who have an interest and involvement in the topics being shared.

- Secondary Office Hours: 11:15 am
- Elementary Office Hours: 12:30 pm

Zoom Links to access office hours

Elementary Schools, GT Liaisons Professional Learning:

The annual principal memorandum will be sent on Thursday, October 1, 2020. Session 1 of the GT Liaison asynchronous professional development sessions will be published on Canvas the week of October 5, 2020. Participants may access the course by enrolling in <https://mcpsmd.instructure.com/enroll/KBRKEC>.

Here's the notification for Dr. Wilson's daily update regarding Zoom recordings.

Subject: August 26, 2020 COVID-19 Update

Dear Principals,

Today's update contains a number of important items specific to protective orders, ESOL Accountability (updated from yesterday), Be Well Recovery lessons, professional development, and technology updates. Last night, you received notice that the MCPS Recovery of Education Virtual Plan for the Fall was approved by the Board of Education. As the next days and weeks unfold, collectively, we embark upon what we have never before been challenged to do. We are up to that challenge and as a learning organization, we will all learn together. As was stated many times in the Board of Education meeting – this is not a perfect plan. We know that the State Board will be weighing in on the idea of setting uniform expectations across districts and our plan may need to be adjusted in response to information intended to be made available on September 1, 2020. In the meantime, MCPS will continue to gather feedback from all stakeholders over the coming weeks and months with every intention of providing for continuous improvement to our virtual teaching and learning plan. It is with deepest gratitude, I express my thank you to the recipients of these updates, the design teams, and all of the stakeholders who have contributed their thoughts and ideas along the way. There is so much more to do and it is critically important that in all things related to the execution of this plan on behalf of our 166,000 students, their families and our school communities, we do so with the utmost care and compassion.

-
-

Guidance to schools regarding parental/custodial protective orders

Schools should consult with the Office of the General Counsel and/or Student Welfare and Compliance regarding questions

about parent/custodial requests for access to school and potential Zoom events (ie. Back-to-School Night, etc.) during these times of virtual school. Non-custodial parents who request Zoom login information should **not** be granted connection information. (This could result in parents logging in to classrooms/school events and “listening in” even though they do not have visitation or contact rights. Additionally, parents should not login to Zoom classrooms and observe class when the child is not with them. If teachers note a parent logging in separately from their student, they should notify their principal who can seek support from OGC or Compliance as needed.

-

-

ESOL Accountability- Updated

This [link](#) is for the ESOL Accountability and Compliance Updates for the week of August, 24, 2020. These updates are for Administrators K-12, ESOL teachers K-12, Resource Teachers & Content Specialists grades 6-12, or anyone who is responsible for ESOL Accountability Tasks in your building. **The information for the Virtual EL Identification has been updated.** If you have questions about the information in this update, please email Leslie Chavis, ESOL Achievement Specialists, and copy Tamisha L. Sampson, K-12 ESOL Accountability Supervisor.

Be Well Recovery Student Psychoeducational Lessons and Student Well-Being Teams- ACTION

As we start the school year, all schools will continue to implement the student well-being teams that started this past spring. The teams will be there to support students and their families that are struggling with attendance and social-emotional concerns. To support students at the start of the year, all schools will be required to implement a student psychoeducational lesson during one of the school's mandatory Social-Emotional Learning (SEL) block before September 18, 2020. This lesson will provide students crisis facts about the dual pandemic (COVID-19 and systemic racism) that is occurring around the country and here in Montgomery County. It will also provide information on common crisis feelings/reactions, stress management strategies, and where to find help. Teachers will implement these lessons with coaching from the building counselors, psychologists, and other school-based mental health staff. There is also a referral form that building staff can complete if they have any concerns about student attendance and social-emotional well-being. The referral will go to the student well-being teams. Information about the student psychoeducational lessons, the referral form, and additional information can be found in this [one-pager](#). Additional information about the mandatory SEL lessons for each school will be sent in a separate message.

-

Professional Development Opportunities Open to Staff:

As part of its recovery plan, MCPS has developed a [website for staff, students and families](#) that highlights ongoing professional learning opportunities for the virtual opening of schools.

For staff, training opportunities are focused around these key areas:

- Technology
- Curriculum, Instruction and Assessment
- Pedagogy
- Social-Emotional Well-Being and Coaching for Engagement/Success
- Accessibility Tools for Instruction and Home
- Equity
- Health and Safety
- Onboarding, Induction, Mentoring, Communication and Collaboration

The professional learning opportunities are grounded in equity and social-emotional learning to ensure that equitable environments are established in the virtual and traditional learning spaces. Professional learning opportunities will be updated throughout the year, so please check back frequently. If you are interested in Continuing Professional Development (CPD) courses for the fall semester (Fiscal Year 2021), register through the [Professional Development Online \(PDO\)](#) system. The fall semester runs from October 2020 through January 2021.

Office of Technology Innovation:

ParentVUE Support for Parents

- If families did not receive an email with ParentVUE activation information, they can call 240-740-7020 or email communitytechsupport@mcpsmd.org
- If parents can only see some children but not all, please complete this form and we will merge accounts: <https://docs.google.com/forms/d/e/1FAIpQLSc3RJm5F13jdbxhxm5ttrSLB-ybJ3Gwp4sB8dPAwqj1VjmzNg/viewform>

Taking Attendance in Synergy TeacherVUE

Here is a quick screencast on how teachers can use Zoom reports to take attendance in Synergy TeacherVUE:

<https://youtu.be/J3Kt4UPlSk>

Principal Webinar Rooms

All secondary principals should have a webinar room assigned to them in Zoom. You should see it listed in your Zoom account. When setting up your meeting, if you want parents to join your webinar, be sure to uncheck "Authenticated Users Only" to allow non-MCPS participants. Elementary principals will have Zoom webinar rooms by the end of this week. Directions for running a webinar:

https://docs.google.com/document/d/1v8qUyK4TtbDxD305oL6RRkZT_WTkGmG82eDf4HV-H8/edit?usp=sharing

Password Reports

Both password reports are updated and can be used to provide logins and passwords to students. All families were sent a ConnectEd email early Monday morning with login information as well.

- Student Password (Students Assigned to School Location)

[REDACTED]

- Student Password (Students Assigned to Homeroom):

[REDACTED]

Verifying Parent Submissions for ParentVUE Annual Verification

Parents are starting to activate their ParentVUE accounts and submit updates to their information. This is a similar process to what they did in PowerSchool with updating emergency cards. Here are directions for how secretaries and other school staff can review these updates, make edits, and approve the updates:

<https://docs.google.com/document/d/1cysoQXFXyHdHlgiXwEgZgBG37CJQ7O5HcoZutNDyCTM/edit#heading=h.4noosnpaxqe>

Here is the link to the complete guide for parent submission of online registration and verification:

<https://docs.google.com/document/d/1cysoQXFXyHdHlgiXwEgZgBG37CJQ7O5HcoZutNDyCTM/edit#heading=h.4noosnpaxqe>

Posting a Zoom Recording in myMCPS Classroom

Here are two short screencasts for how to post a Zoom recording in myMCPS Classroom:

- Posting Zoom Cloud Recording Links in Canvas Announcements: <https://youtu.be/zmx4xfTaFBO>
- How to Download Zoom Recordings and Upload Into myMCPS Classroom on a Chromebook: <https://youtu.be/z2tEmzTejKo>

Running ParentVUE Activation Letters

ParentVUE activation emails and letters were sent centrally starting over the weekend. If parents need another letter with the activation code, anyone with SIS access can look up this information. Directions for accessing ParentVUE information are here: https://docs.google.com/document/d/1TLP_olcPHmH4dbUkZyJxMSKtPQh-sPBn7eoPHrcZJjc/edit?usp=sharing

Syncing in myMCPS Classroom

All courses, including homerooms, advisories, counselors, and team should be syncing in myMCPS Classroom. These should show up by end of day today or early tomorrow.

Parent Webinar Series

More dates and times have been added to the webinar series for parents. Sessions with translators have also been added. Check out the updated flyer and visit the MCPS website for updates and links to resources.

- Flyer: https://docs.google.com/document/d/1S7qQJcm_zk4yQUtRPPZY7uoo16govBitrtMUPHljava/edit?usp=sharing
- Website: <https://www.montgomeryschoolsmd.org/parents/>

Running List of Principal Technology Updates

A running list of technology updates can be found here:

Subject: Categorizing Trainings that took place this summer
Date: Tuesday, September 29, 2020 8:28:10 PM

Good Evening Elizabeth,

This list of trainings took place this summer and do not yet have a Be Well essential category.

Do you have a moment to categorize them?

Innovative Schools- Mindful Day Off	
ASCA work groups for School Counselors	
Mindfulness For Educators	
PBIS Tier I and Tier II Training/Summit	
Mandatory Virtual School Counseling Training (this training will be recorded)	
Anxiety : Evidence-Based Strategies and Interventions training for school counselors during the COVID pandemic	
Psychologist Professional Development Plans (PDPs)	
REQ: Restorative Justice Training on Restorative Circles, Mindfulness, & Other Restorative Practices	
School-based Critical Staff Member Training	
Counselors as Equity Literate Leaders	
Implementing Culturally Responsive PBIS	
2020 Mindfulness for Educators- Mindfulness Curriculum Training	
New Counselor/CCIC Naviance Training	
Psychoeducational Lesson Drop-In	
Psychological Services Professional Development Monthly Meeting	
MCPS Survival Kit for Virtual Education	

Thanks, and have an excellent day!

Subject: October 8, 2020 COVID-19 Update

Dear Principals,

Today's update contains information regarding psychoeducational lessons and curriculum updates. Have a great day!

Psychoeducational Lessons – Drop-In Support:

All schools have been provided student psychoeducational lessons to deliver to all students prior to the end of the first quarter, November 9, 2020 (note this date has been extended from the original September date.) We have received messages from administrators and staff that those unfamiliar with psychoeducational lessons and/or uncomfortable with discussing the content and/or mental health with students would like additional support in implementing these lessons. A team of school-based and district office staff will be providing informal drop-in sessions on the following dates to provide this additional technical and professional background support to any staff or administrators.

Wednesday, October 14; Wednesday, October 21

- | | |
|---------------------|---|
| 1. 2:30 - 3:30 p.m. | Psychoeducational lessons overview - [REDACTED] |
| 2. 3:30 - 4:00 p.m. | Psychoeducational lessons implementation - [REDACTED] |
- [REDACTED]

In anticipation of lessons related to the national elections from Curriculum and Instruction, an implementation session will also be held on Wednesday, October 28. More details will be provided.

Actions

1. Staff may join the sessions using the links provided above. Questions should be submitted ahead of the sessions using this online form: [Questions - Psychoeducational Lesson](#).
2. We look forward to supporting all school-based staff in understanding the purpose and design of the psychoeducational lessons so that we can best support our students mental health during this crucial, and for some, confusing, time.
3. Please contact Christina Conolly, Director, School Psychology, or Frances Frost, Assistant to Associate Superintendent, Student and Family Support and Engagement, with any questions. Thank you.

OTLS Office Hours (Friday, October 9, 2020)

This week we will have an opportunity to hear from our partners in the Office of Technology Innovation (OTI) to share information about the implementation of local school standard Canvas views at schools. They will also share updates and answer questions around the real time questions school based staff are asking about technology tools, platforms, and protocols. As always, office hours are open for you to bring any member of your administrative team and teacher leader team who have an interest and involvement in the topics being shared.

- Secondary Office Hours: 11:15 am
- Elementary Office Hours: 2:30 pm

****NOTE**This is a week with an adjusted time for elementary due to the EPAT meeting**

Subject: September 29, 2020 COVID-19 Update

Dear Principals,

The updates include an update to the student well-being and psychoeducational lesson timeline and curriculum updates.

Student Well-Being Team and Psychoeducational Lesson Update

- With an understanding of the multiple requests for information to each of the schools, we are extending the deadline for two responsibilities. The organizational materials that were requested to be submitted for the student well-being teams (previous deadline, September 25, 2020) and the implementation of the psychoeducational lessons has been moved to the last day of the first quarter ([November 9, 2020](#)).
- This will allow for those schools that are in need of additional support and resources to receive coaching and training for their staff.
- In addition, a systemic data collection impact tool is being developed in order for the work of the Student Well Being Teams to be captured in a way that allows for system wide and school-based analysis and reporting. This will enhance the student tracking tool that was provided in the August 26, 2020 one-pager that discussed the psychoeducational lessons and the student well-being teams.

Action Items

- Submit the organizational materials for the student well-being teams no later than [November 9, 2020](#).
- Implement the psychoeducational lessons no later than [November 9, 2020](#).
- Please share these additional resources that can be found in the link below to support the teams and the lessons. <https://drive.google.com/drive/folders/1iklv5xOqcY9qpcCqpYVSpUbFAjcv8M-s?usp=sharing>

[Secondary Social Studies Updates](#)

[K-12 ESOL Accountability Updates for Week of 9/28/20](#)

Update from Montgomery County Public Libraries

Click [here](#) for messages from Montgomery County Public Libraries (MCPL) concerning their services to support instruction, as well as important information finalizing the MCPL Summer Read and Learn program. Please ask your library media specialist to disseminate the information appropriately during their library instruction or through their public facing, online presence.

OTLS Office Hours

Different from previous office hours, this Friday the OTLS team will not be answering questions on current work, rather seeking your thoughts and ideas for future work. This week's office hours will

focus on **initial feedback & design considerations for small groups of students to return to in building learning experiences**. Office hours will provide an opportunity to engage in an exchange of ideas around the metrics that would be used to:

- Identify & recommend student groups to prioritize for in building learning opportunities
- Recommend schedule and instructional approaches for small groups in schools (full schedule or support).

As always, office hours are open for you to bring any member of your administrative team and teacher leader team who have an interest and involvement in the topics being shared.

- Secondary Office Hours: 11:15 am
- Elementary Office Hours: 12:30 pm

Subject: Psychoeducational Lesson Drop In support

Date: Friday, September 11, 2020 4:54:41 PM

Attachments: [image001.png](#)

Good evening everyone,

I wanted to share with you a resource that we shared with the principals this afternoon for teachers who are in need of support for the implementation of the psychoeducational lessons. Dr. Crews and I will be available from 11:30-12:30 on Monday. We have had a lot of staff members who have questions about the implementation of the social justice slides on the lesson. Please be available to coach and/or co-teach with a staff member that may not be at a place on their anti-racism journey to effectively teach that section of the lesson. Staff can sign up in PDO (Course Number: 89579). Feel free to share with your building teams.

If you want to attend, the zoom information is below.

Subject: FW: Leader in Me

Good morning,

As a member of the student psychoeducational lesson development team, I want to invite you to a meeting with the company that has developed the Leader in Me curriculum. MCPS is looking at this curriculum as a *potential* Tier 1 SEL curriculum for all schools. As a member of the team that developed the lesson for students on the dual pandemic, we wanted to invite you to participate in a meeting with the SEL development team to hear more. This meeting is on Friday from 3-4pm. This is to allow the vendor to present the program to a small group of MCPS staff so that we can get some initial feedback about this from the groups that have helped to provide these types of lessons to students. I will send out a calendar invite with a zoom link once I receive the link. I understand if you cannot attend since this is last minute. We wanted to provide you the opportunity to attend. Please let me know if you have any questions. Again, this is not a required meeting.

Christina

Dr. Christina N. Conolly, NCSP

Subject: RE: Psycho ed and SEL lessons
Date: Wednesday, September 16, 2020 7:46:59 PM

Hi Diana,

The Psychoeducational lessons are due by October 2nd. The Social Emotional Learning lessons should be given throughout the school year. The library of lessons in each CASEL competency category will be available on the Be Well 365 MyMCPs site after Oct. 2nd. Sanford Harmony is on our list of SEL resources and can be used as the SEL lessons for your school.

Below, you will find the messages and guidance documents (hyperlinked) that were sent to principals, counselors and school psychologists. The social emotional learning information was sent to principals yesterday.

Be Well Recovery Student Psychoeducational Lessons and Student Well-Being Teams- ACTION

As we start the school year, all schools will continue to implement the student well-being lessons that began last spring. The lessons will be there to support students and their families that are struggling with attendance and social-emotional concerns. To support students at the start of the year, all schools will be required to implement a student psychological lesson during one of the school's mandatory Social-Emotional Learning (SEL) block scheduled between September 18, 2020. This lesson will provide students critical facts about the dual pandemic (COVID-19 and systemic racism) that is occurring around the country and here in Montgomery County. It will also provide information on common stress feelings/reactions, stress management strategies, and where to find help. Teachers will implement these lessons with coaching from the building counselors, psychologists, and other school-based mental health staff. There is also a referral list that building staff can complete if they have any concerns about student attendance and social-emotional well-being. The referral will go to the student well-being teams. Information about the student psychological lessons, the referral form, and additional information can be found in this [page](#). Additional information about the mandatory SEL lessons for each school will be sent in a separate message.

Social Emotional Learning (SEL) Lessons Guidance Document

We recognize the traumatic impact the COVID-19 global pandemic has had on our students. During this time, many students are perplexed by grief, anxiety, and confusion while searching for a sense of normalcy. To support our schools, we have developed a Social Emotional learning framework including lessons and professional development to support the well-being of students. The [SEL Guidance Document](#) provides more detailed information on social emotional learning lesson delivery, professional development opportunities and communication to families.

Please let us know if you have any additional questions.

Thanks,

Karen

Subject: Re: Psycho ed and SEL lessons

Good afternoon,
Here are responses to your questions.

1. Is there a form letter/introduction to parents that you have already composed (similar to the one we have for Body Safety Lessons for PsychoEd lessons)? There is a lot of material covered in its sensitive and you may have already set up something to prepare parents. *Unsure - will deliver to Dr. Rathbone*
2. For SEL lessons (like in We-365 in Canvas) are the lessons required by certain dates? Or are we required to use that curriculum? For example, can we address the same topics using Sanford Harmony instead? The lessons do not have deadlines. Lesson delivery is a shared responsibility and depends on the topics school teams (student wellness) select which may help determine which would be best to facilitate the lessons. All lessons are Tier 1 therefore it's perfectly appropriate for teachers to deliver the lessons. Schools are strongly encouraged to use the lessons in Canvas and schools who are using Sanford Harmony are supplementing or using both to teach students.
3. For Psycho Ed lessons can those be co-taught between counselors and teachers? Yes.

Subject: Psycho ed and SEL lessons

Hello. We are discussing with our Principals in order to comply with the requests for both Psycho Ed and SEL lessons. Please clarify the following:

1. Is there a form letter/notification to parents that you have already composed (similar to ones we do for Body Safety lessons) for PsychoEd lessons? There is a lot of material covered and its sensitive and you may have already set up something to prepare parents.
2. For SEL lessons (in Ile Well–365 in Canvas) are the lessons required by certain dates? Who should teach those? Are we required to use that curriculum? For example, can we address the same topics using Sanford Harmony instead?
3. For Psycho Ed, lessons can those be cotaught between counselors and teachers?

Thank clarifying this information?

Family Guidance to the Psychoeducational Lesson

MCPS Return to School

Introduction

Obtained via MD PIA by Judicial Watch, Inc.

- What is a student psychoeducational lesson?
- Why is this type of support provided to students?
- What is the framework behind the lessons?
- How where the lessons developed?
- What topics are discussed in the lesson?
- Can students receive an alternative method to participating in the lessons? Can students opt-out?
- Do you have resources to help me talk with my child(ren) about racism?

What is a student psychoeducational lesson?

Obtained via MD PIA by Judicial Watch, Inc.

- A classroom-based intervention that provides students with information and support to cope with a crisis event.
- The lessons provide direct instruction and are not intended to help students process their individual reactions or feelings of the crisis event. Students who need to process their individual reactions would be referred for an individual crisis intervention.
- The psychoeducational lessons were developed based on the PREPaRE Crisis Prevention and Intervention Curriculum. PREPaRE is an international, research-informed crisis response curriculum created by the National Association of School Psychologists (NASP). The psychoeducational lessons were developed based on the PREPaRE curriculum.

Why is this type of support provided to students?

- The mental health needs that arise from any crisis situation are unique and require multiple levels of response.
- The crisis events that have occurred in the country have impacted all students and staff members. A crisis event is defined as an event perceived to be very negative, generates feelings of powerlessness, and may occur unexpectedly.
- While a crisis event has the potential for negative outcomes, providing students with positive or adaptive coping strategies can increase student resiliency and facilitate a return to emotional stability.

(Brock et al, 2016)

How where the lessons developed?

- The lessons were developed in collaboration with teachers, instructional specialists, and school psychologists from around the county
- Teachers worked at both the elementary and secondary level, with students who receive special education services, and with students who receive English for Students who speak Other Languages (ESOL).
- In addition, the lessons were vetted by a large stakeholder group in the Be Well Recovery team. This included teachers, administrators, parents, community members, and additional MCPS staff.

What topics are discussed in the lesson

Obtained via MD PIA by Judicial Watch, Inc.

- **The lesson is 30 minutes long.**
 - Provide Crisis Facts and Dispel Rumors (10 min)
 - discusses newspaper articles about the crisis
 - Normalize crisis reactions/feelings (5 min)
 - Discuss stress management techniques (10 min)
 - Discuss how to get help for the student and others (5 min)
- Let's review some of the slides from the grade levels

Elementary: Some Facts about COVID-19

- COVID-19 is a **new virus** that doctors and scientists are still learning about.
- Doctors and scientists are working very hard to create vaccines and medicines to help our bodies protect us from the virus. While the doctors and scientists are working, we have to do other things to **protect our bodies**.

Insert Reference here

Secondary: Some COVID-19 Facts

Obtained via MD PIA by Judicial Watch, Inc.

- COVID-19, aka “Coronavirus disease 2019” is a new virus that scientists and doctors are still learning about
- This disease has impacted the globe, showing cases in almost every country and region on Earth.
- COVID-19 is spread mainly from person-to-person, when an infected person coughs, sneezes, or even talks within 6 feet (or about two arms length) of another person and those droplets are inhaled into the nose or mouth of that individual.

Center for Disease Control (2020)

Elementary: Read-Alouds About Race

We're Different, We're The Same
(Sesame Street) by Bobbi Kates

Elementary: Read-Alouds About Race (Spanish)

All the Colors We Are by Katie Kissinger

Elementary Slide: Some Facts About Racism and Social Justice

Prekindergarten and Kindergarten

1st - 5th grade

Secondary Slide: Some Facts About Racism and Social Justice

- Social justice refers to the practices and structures that contribute to improved access of marginalized populations to various school programs and activities. (Brown, 2004; Marshall, 2004; Theoharis, 2008).
- There are protests happening all over our country and the world because people are **acting** on their beliefs that all people should be treated fairly and are protesting to change things that make life harder for some people.

Secondary: A Brief Anti-Racism Glossary

Obtained via MD PIA by Judicial Watch, Inc.

Equity is the commitment to ensure that every student and staff member, without regard to their actual or perceived personal characteristics, is given the individual challenges, support, and opportunities to exceed a rigorous common standard in order to be prepared for academic and career success.

Implicit Bias refers to the attitudes or stereotypes that affect our understanding, actions, and decisions. These biases, which encompass both favorable and unfavorable assessments, may be activated involuntarily and without an individual's awareness or intentional control.

Cultural Proficiency is the ongoing process of becoming knowledgeable of one's culture, as well as the cultures of others in order to foster an appreciation, understanding, and respect for varying cultural expressions that exist in the actions and interactions of an organization; and, to strengthen and enrich the organization and the community at large with the presence and contributions of many cultures.

Cultural Responsiveness is the ability to learn from and relate with people of one's own culture as well as those from other cultures. Culturally responsive educational systems are grounded in the belief that culturally and linguistically diverse students can excel in academic endeavors if given adequate support and resources.

Cultural Competences is the knowledge, behaviors, and dispositions necessary to effectively interact with other cultural groups (Hansuvadha, Slater 2012).

Systems of Oppression identifies inequity by calling attention to the historical and organized patterns of mistreatment. In the United States systems of oppression (like systemic racism) are woven into the very foundation of American culture, society, and laws. (Social Identities and Systems of Oppression, 2019)

Elementary: Let's talk about feelings

You may feel different emotions like....

Mad/Enojada/o

**Surprised/
Sorprendida/o**

**Disgusted/
Disgustada/o**

Happy/Feliz

**Worried/
Preocupada/o**

Calm/Calma/o

**Scared/
Asustada/o**

Sad/Triste

Confused/Confusa/o

Secondary

COMMON INITIAL CRISIS REACTIONS

EMOTIONAL		COGNITIVE	
Shock	Depression or sadness	Impaired concentration	Decreased self-esteem
Anger	Grief	Memory impairment	Self-blame
Despair	Irritability	Disbelief	Worries
Phobias	Hypersensitivity	Confusion	Nightmares
Terror or fear	Helplessness	Distortion	Decreased self-efficacy
Guilt	Hopelessness	Intrusive thoughts or memories	
Emotional numbing	Loss of pleasure from activities	Impaired decision-making abilities	
PHYSICAL		INTERPERSONAL/BEHAVIORAL	
Fatigue	Startle response	Alienation	Aggression
Insomnia	Headaches	School refusal	Crying easily
Sleep disturbance	Decreased libido	School impairment	Tantrums
Hyperarousal	Decreased appetite	Vocational impairment	Change in eating patterns
Somatic Complaints	Gastrointestinal problems	Regression in behavior	Risk Taking
Impaired immune response		Increased relationship conflict	Avoidance of reminders
		Social withdrawal or social isolation	

Note. Compiled from Speier (2000); Young, Ford, Ruzek, Friedman, & Gusman (1998).

Elementary: Things to do to feel better

- Run and Play
- Talk to a friend or family member
- Play a game with a friend or grown up
- Draw or color
- Listen to music
- Hug a stuffed animal
- Squeeze a stress ball
- Take deep breaths
- Rest
- Eat well
- Drink Water

Secondary: Relaxation Activities

Obtained via MD PIA by Judicial Watch, Inc.

- **Deep Breathing:** A deep breathing exercise allows you to take slower, deeper belly breaths and reach a truly relaxed state.
- **Progressive Muscle Relaxation:** tensing and relaxing muscles throughout the body.
- **Visualization Imagery:** sights, sounds, and touch sensations associated with a particularly calm scene induce a state of pleasure.
- **Meditation:** a mental exercise to train the mind and promotes relaxation.

Elementary: Who can we talk to when we need help?

Obtained via MD PIA by Judicial Watch, Inc.

Family

Teacher

Friends

Pets

Tell me two groups that can help you. Anyone else?

Secondary: Tell a Trusted Adult

Obtained via MD PIA by Judicial Watch, Inc.

- If you or a friend feel this way, tell a trusted adult:
 - At School:
 - Teacher, Administrator, Counselor, Psychologist, etc.
 - At Home:
 - Parent, Grandparent, Sibling, Guardian, etc.
- Montgomery County Crisis Hotline - Text Hello to 741741 or Call/Text 301-738-2255
- Montgomery County Crisis Center - (240) 777-4000
- EveryMind - (301) 424-0656

Can students receive an alternative method to participating in the lessons?

Can students opt-out?

- Families can contact building administration to request an alternative method for students to receive the lesson due to mental health concerns.
- Students cannot opt-out of the lessons.
- Lessons are there to support students and help teachers to identify students who are in need of social-emotional support.

Do you have resources to help me talk with my child(ren) about racism?

Pre-K through 2nd grade Psychoeducational Lesson

MCPS Return to School

Teacher Note

This is an initial conversation on the topics that will be discussed today. This is not an in-depth conversation that occur later. The goal of the lessons are to start the conversation, to address common reactions to the events, talk about stress management, and how to get help if needed. We understand that for many of these topics, students may have additional questions and concerns. We welcome staff to continue the conversations with their students.

This presentation is for young children. Young children will not be able to sit through this entire presentation in one sitting. We have built in breaks for stretching or movement.

Objectives:

At the conclusion of this lesson, students will be able to . . .

- recognize 2-3 common crisis reactions.
- identify resources for support.
- perform a deep breathing exercise for relaxation purposes.
- identify and use 2-3 adaptive coping strategies.

Introduction

- Hi! My name is.....
- Why are we here today?
- Learning Agreements
 - *Take care of yourself*
 - *Take care of others in our learning space*
 - *Take care of our learning environment*

Zoom Classroom Expectations

Take Care of Others -
While someone is speaking, please **mute yourself** so that we can hear what is being shared.

Take Care of Yourself –
Find **a space that helps you** learn at your best and focus.

Take Care of Yourself - **Raise your hand** through the chat if you would like to share an idea.

Take Care of Others –
Practice active listening by **following directions and listening to others** as they are speaking.

What is going on in the world?

There is a lot happening in our world right now!

Let's talk about some of the major events that are happening...

- Covid-19 ("coronavirus")
- Social Justice responses to combat racism (protests and marches)

TEACHER NOTE

The next slide contains two video options to discuss COVID 19. The first is intended for PreK and K students. The second one is intended for 2nd grade. First grade has the option to use either video, depending on what the teacher feels is most appropriate.

Delete the video that you do not choose to use from the slide and center the video you do use.

Some Facts about COVID-19

Prekindergarten and Kindergarten

1st and 2nd grade

How to Protect Yourself and Others:

Wash your hands often

Cover your coughs or sneezes

Avoid close contact with others

Stay home if you are sick.

Wear a mask when around others

The discussion about race is uncomfortable for some people, however, it is an important discussion to have among ourselves and with our students. If you are uncomfortable with having this discussion with your students, please co-teach with your school counselor, psychologist, or social worker. Provided below are some resources for staff to support their journeys to make it easier for them to have discussions with their students:

[They're not too young to talk about race!](#)

[Notes and Discussion Questions from Ibram X Kendi \(author of *Antiracist Baby*\)](#)

From Penguin RandomHouse (publisher): *Antiracist Baby* introduces the youngest readers and the grown-ups in their lives to the concept and power of antiracism. Providing the language necessary to begin critical conversations at the earliest age, *Antiracist Baby* is the perfect gift for readers of all ages dedicated to forming a just society. For ages baby to age 3.

[Educator and Caregiver Learning Guide from Disrupt Texts](#)

[Staff Work Playlist](#) - Here is a self-work playlist that is available to support facilitators of these lessons engage in their own learning before engaging in these discussions as well.

Some Facts About Racism and Social Justice

Prekindergarten and Kindergarten

1st and 2nd grade

TEACHER NOTES - KEY TERMS

Obtained via MD PIA by Judicial Watch, Inc.

Race - has to do with rules people use to group people based on their skin color.

Racism - is when people create policies or rules that are not fair to everyone because of their skin color.

Anti-Racism - helping to change policies or rules to make sure the rules are fair for everyone, regardless of their skin color.

Social Justice - believing that all people have equal rights, no matter their race or background, and doing actions to change rules or systems that cause some people to be treated unfairly

Adapted from : https://www.racialequitytools.org/resourcefiles/RET_Glossary_Updated_October_2019_.pdf and Antiracist Baby (Kendi, 2020)

3rd through 5th grade Psychoeducational Lesson

MCPS Return to Physical Space

Zoom Classroom Expectations

Take Care of Others -
While someone is speaking, please **mute yourself** so that we can hear what is being shared.

Take Care of Yourself –
Find **a space that helps you** learn at your best and focus.

Take Care of Yourself - **Raise your hand** through the chat if you would like to share an idea.

Take Care of Others –
Practice active listening by **following directions and listening to others** as they are speaking.

Note to the Teacher

This is an initial conversation on the topics that will be discussed today. This is not an in-depth conversation, which can occur later. The goal of the lesson is to *start the conversation*, to *address common reactions* to the events, *talk about stress management*, and *how to get help* if needed. We understand that for many of these topics, students may have additional questions and concerns. We welcome staff to continue the conversations with their students.

Objectives:

At the conclusion of this lesson, students will be able to . . .

- recognize 2-3 common crisis reactions,
- identify resources for support,
- perform a deep breathing exercise for relaxation purposes,
- identify and use 2-3 adaptive coping strategies.

Introduction

- Hi! My name is....
- Why are we here today?
- Learning Agreements
 - *Take care of yourself*
 - *Take care of others in our learning space*
 - *Take care of our learning environment*

What is going on in the world?

There is a lot happening in our world right now!

Let's talk about some of the major events that are happening...

- Covid-19 ("coronavirus")
- Social Justice responses to combat racism (protests and marches)

Some Facts about COVID-19

- COVID-19 is a **new virus** that doctors and scientists are still learning about.
- Doctors and scientists are working very hard to create vaccines and medicines to help our bodies protect us from the virus. While the doctors and scientists are working, we have to do other things to **protect our bodies**.

How to Protect Yourself and Others:

Wash your hands often

Cover your coughs or sneezes

Wear a mask when around others

Avoid close contact with others

Stay home if you are sick

Clean and disinfect commonly used areas

TEACHER NOTES

Obtained via MD PIA by Judicial Watch, Inc.

The discussion about race is uncomfortable for some people, however, it is an important discussion to have among ourselves and with our students. If you are uncomfortable with having this discussion with your students, please co-teach with your school counselor, psychologist, or social worker. Provided below are some resources for staff to support their journeys to make it easier for them to have discussions with their students:

[They're not too young to talk about race!](#)

[Notes and Discussion Questions from Ibram X Kendi \(author of Antiracist Baby\)](#)

From Penguin RandomHouse (publisher): *Antiracist Baby* introduces the youngest readers and the grown-ups in their lives to the concept and power of antiracism. Providing the language necessary to begin critical conversations at the earliest age, *Antiracist Baby* is the perfect gift for readers of all ages dedicated to forming a just society. For ages baby to age 3.

[Educator and Caregiver Learning Guide from Disrupt Texts](#)

[Staff Work Playlist](#) - Here is a self-work playlist that is available to support facilitators of these lessons engage in their own learning before engaging in these discussions as well.

Some Facts about Racism

What is racism?

Why do people have different skin colors?

Some Facts About Racism and Social Justice

Around 200 students marched around Rio in Gaithersburg for a peaceful protest on Monday, stopping sometimes to chant "Black Lives Matter" and "No justice, no peace."

Why the coronavirus looks different to black America

Present Save Read Aloud Share Hide Print Add To Text Set

NASP, 2017

KEY TERMS

Obtained via MD PIA by Judicial Watch, Inc.

Race - has to do with rules people use to group people based on their skin color.

Racism - is when people create policies or rules that are not fair to everyone because of their skin color.

Anti-Racism - helping to change policies or rules to make sure the rules are fair for everyone, regardless of their skin color.

Social Justice - believing that all people have equal rights, no matter their race or background, and doing actions to change rules or systems that cause some people to be treated unfairly.

Adapted from : https://www.racialequitytools.org/resourcefiles/RET_Glossary_Updated_October_2019_.pdf and Antiracist Baby (Kendi, 2020)

COVID-19 and Social Justice

- COVID-19 has shown how unfairness can hurt people.
- People in African American and Latinx communities have been *more likely to get sick from COVID-19* because of how racism and unfairness impacts their lives.
- Because of everything happening in the world, people are experiencing many different emotions.

<https://www.cdc.gov/coronavirus/2019-ncov/community/health-equity/race-ethnicity.html>

What have *you* heard?

Now is your opportunity to ask questions!

Let's talk about your concerns and make sure you know the facts.

Let's talk about feelings

You may feel different emotions like....

Mad/Enojada/o

**Surprised/
Sorprendida/o**

**Disgusted/
Disgustada/o**

Happy/Feliz

**Worried/
Preocupada/o**

Calm/Calma/o

**Scared/
Asustada/o**

Sad/Triste

Confused/Confusa/o

Normal Feelings When Life Is Not Normal

Obtained via MD PIA by Judicial Watch, Inc.

You may be feeling...

- Shock
- Surprise
- Anger
- Scared
- Helpless
- Sadness

Normal Feelings When Life Is Not Normal

Your brain may feel different. You might....

- Have difficulty thinking
- Forget things more often
- Feel confused
- Feel worried
- Have nightmares
- Feel guilty

Normal Feelings When Life Is Not Normal

Your body may feel...

- Tired
- Difficulty sleeping
- Aches and pains in your muscles, stomach, or chest
- Easily startled or scared

You might start acting differently. You may...

- Want to be alone more often
- Fight with your siblings and parents more often
- Cry more often
- Feel more out of control (screaming, yelling, have too much energy)

When do you need more help?

If you are still having really strong feelings and may be having thoughts of hurting yourself, you should tell a **trusted adult**. A trusted adult is someone who will listen to you and care about what you have to say.

Who can we talk to when we need help?

Family

Teacher

Friends

Pets

Some Facts About Racism and Social Justice

- Social justice refers to the practices and structures that contribute to improved access of marginalized populations to various school programs and activities. (Brown, 2004; Marshall, 2004; Theoharis, 2008).
- There are protests happening all over our country and the world because people are **acting** on their beliefs that all people should be treated fairly and are protesting to change things that make life harder for some people.

Four Levels of Racism

Internalized Racism:

Interpersonal Racism:

Institutional Racism:

Structural Racism:

A Brief Anti-Racism Glossary

Obtained via MD PIA by Judicial Watch, Inc.

Equity is the commitment to ensure that every student and staff member, without regard to their actual or perceived personal characteristics, is given the individual challenges, support, and opportunities to exceed a rigorous common standard in order to be prepared for academic and career success.

Implicit Bias refers to the attitudes or stereotypes that affect our understanding, actions, and decisions. These biases, which encompass both favorable and unfavorable assessments, may be activated involuntarily and without an individual's awareness or intentional control.

Cultural Proficiency is the ongoing process of becoming knowledgeable of one's culture, as well as the cultures of others in order to foster an appreciation, understanding, and respect for varying cultural expressions that exist in the actions and interactions of an organization; and, to strengthen and enrich the organization and the community at large with the presence and contributions of many cultures.

Cultural Responsiveness is the ability to learn from and relate with people of one's own culture as well as those from other cultures. Culturally responsive educational systems are grounded in the belief that culturally and linguistically diverse students can excel in academic endeavors if given adequate support and resources.

Cultural Competences is the knowledge, behaviors, and dispositions necessary to effectively interact with other cultural groups (Hansuvadha, Slater 2012).

Systems of Oppression identifies inequity by calling attention to the historical and organized patterns of mistreatment. In the United States systems of oppression (like systemic racism) are woven into the very foundation of American culture, society, and laws. (Social Identities and Systems of Oppression, 2019)

What Have You Heard?

Now is your opportunity to ask questions

How Are You Feeling?

COMMON INITIAL CRISIS REACTIONS

EMOTIONAL

Shock, Surprise, Anger, Mad, Sadness, Despair, Sadness, Fear, Phobias,
Emotional numbing, Guilt, Helplessness, Hopelessness, Hypersensitivity,
Loss of pleasure, Irritability, Dissociation

COGNITIVE

Hard to think/focus, Forgetful, Confused, Worried, Nightmares,
Impaired decision-making, Distortion, Intrusive thoughts,
Decreased self-esteem, Self-blame, Decreased self-efficacy

PHYSICAL

Fatigue, Insomnia, Always on guard, Aches and pains (stomach,
head, heart), Illness, Easily startled, Staring blankly, Impaired immune response,
Decreased appetite

BEHAVIORAL

Isolated, Social withdrawal, Peer conflicts, Decreased participation,
Attention seeking, Crying, Risk-taking, Aggression

How to Manage Your Stress

Many things can cause stress. At the moment, we are in the middle of a pandemic and experiencing a social justice movement, but other things can lead to stress:

- Daily Hassles
- Major Life Changes
- Life Circumstances

Stress can be dealt with in various ways, if something does not work right away, try something new!

(Therapistaid.com, 2015)

How to Manage Your Stress Continued...

Daily Uplifts: Positive experiences that make you happy

Healthy Coping Strategies: Positive actions that help to reduce or manage stress and other uncomfortable emotions.

Protective Factors: Individual characteristics or life circumstances that protect you from stress.

(Therapistaid.com, 2015)

Relaxation Activities

Deep Breathing: A deep breathing exercise allows you to take slower, deeper belly breaths and reach a truly relaxed state.

Progressive Muscle Relaxation: tensing and relaxing muscles throughout the body

Visualization Imagery: sights, sounds, and touch sensations associated with a particularly calm scene induce a state of pleasure.

Meditation: a mental exercise to train the mind and promotes relaxation

How to Manage Your Stress

→ Stress is the uncomfortable feeling you get when you're worried, scared, angry, frustrated, or overwhelmed. Stress is how the body responds to any demand.

→ It is caused by emotions, but it also affects your mood and body.

→ **STRESS AFFECTS EVERYONE**

-Many things can cause stress. At the moment, we are in the middle of a pandemic as well as recognizing the impact of social injustices. Other situations also lead to stress.

-Everyday Responsibilities

-Major Life Changes

-Life Circumstances

-Recognize the signs of your body's response to stress, such as difficulty sleeping, being easily angered, feeling depressed, and having low energy.

Stress can be managed utilizing a variety of strategies.

How to Manage Your Stress

- Try a Relaxing Activity
- Set goals and priorities
- Don't focus on the problem
- **Always remember, just keep moving forward.**

- **Daily Uplifts:** Positive experiences that make you happy
- **Healthy Coping Strategies:** Positive actions that help to reduce or manage stress and other uncomfortable emotions.
- **Create a sense of belonging:** Feeling connected and welcomed is essential to an individual's positive adjustment, self-identification, and sense of trust in others and themselves.
- **The next time you're stressed:** take a step back, inhale and laugh. Be strong, be flexible, love yourself, and love others.

Relaxation Activities

Obtained via MD PIA by Judicial Watch, Inc.

- **Deep Breathing:** A deep breathing exercise allows you to take slower, deeper belly breaths and reach a truly relaxed state.
- **Progressive Muscle Relaxation:** tensing and relaxing muscles throughout the body.
- **Visualization Imagery:** sights, sounds, and touch sensations associated with a particularly calm scene induce a state of pleasure.
- **Meditation:** a mental exercise to train the mind and promotes relaxation.

Be Well 365 90-Day Recovery Plan

September 8, 2020

Montgomery County Public Schools (MCPS) Social Emotional Learning Lessons (SEL)

Guidance Document

I. Purpose

We recognize the traumatic impact the COVID-19 global pandemic has had on our students. During this time, many students are perplexed by grief, anxiety, and confusion while searching for a sense of normalcy. To address these concerns, MCPS, along with districts around the country, has made social emotional learning a priority. To support our schools, we have developed a Social Emotional learning framework including lessons and professional development to support the well-being of students.

- II. **What is SEL?** Social Emotional Learning is the process through which children and adults acquire and effectively apply the knowledge, attitudes, and skills necessary to understand and manage emotions, set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships, and make responsible decisions.

III. Background

- During the Continuity of Learning, a series of social emotional lessons, aligned with Be Well 365, were provided to school staff weekly in each of the CASEL framework competencies. The CASEL framework is a research based Social Emotional Learning framework based on five core competencies: Self-awareness, Self-management, Social Awareness, Relationship Skills and Responsible Decision Making. More information about CASEL is located here: [CASEL Framework](#). Over the 2020 summer, the 90-day recovery SEL subcommittee developed the MCPS SEL 2020-2021 school plan. The sub-committee researched multiple social emotional resources and developed a library of social emotional learning lessons for the 2020-2021 school year.
- During the August 25, 2020, Board of Education meeting, OTLS-Student and Family Support and Engagement presented the SEL plan for MCPS. The presentation is located here: [Board of Education Presentation](#)

IV. Professional Development

- During the Pre-Service SEL Professional development Conference, two sessions on SEL lesson delivery were offered. The sessions were recorded and are located here:
Part I: [What is SEL?](#) PDO course number: 89531
Part II: [Implementing SEL Lessons: Building Relationships and Identifying Student Needs](#) PDO course number: 89529

The presentations are also located on the Professional Development Online using the courses provided above. Professional learning will be provided monthly and sessions will be recorded. The professional learning sessions will provide support for lesson delivery and guidance on navigating student concerns during COVID-19.

V. Social Emotional Learning Lessons

- The Social Emotional Learning lessons are located in *MyMCPS* as part of the Be Well 365 course. The MyMCPS dashboard is located here: [MyMCPS Dashboard](#)

Suggestions for Delivering Lessons:

- Social Emotional Learning lessons should occur after the first three weeks of school and after Psychoeducational lessons and Psychological triage have been completed.
- Student Well-Being Teams, in collaboration with school administration, determine staff who will deliver the lessons, (who, what, when). For example, the school counselors, school psychologists, social workers and teachers may want to use a co-teaching model to implement the lessons.
- Provide Social Emotional Learning lessons for 40-45 minute sessions at least twice a week. Schools may want to consider providing the lessons during dedicated time within the schedule. For example: Advisory period, Wednesday afternoon, virtual check-in time, morning meeting time, etc.
- Social Emotional Lessons can be integrated into the academic curriculum. For example, a biology class can also discuss how trauma impacts the amygdala and the frontal lobe of the brain. A history lesson can discuss the impact of PTSD on soldiers coming home from any of the wars that have taken place. An English lesson can discuss relationship building while discussing Hamlet. A teacher can work with the school counselor, school psychologist, and/or social worker to co-teach those sections of the lesson. A student well-being team can collaborate with grade level teams to strategically schedule which social emotional lessons can be taught during certain times of the year based on the pacing guide. Resources for integrating lessons are located here: [Integrating SEL into Lessons](#)

VI. Communication to Families

- Schools should communicate with parents to highlight which topics are being taught each week. This will allow families to have follow-up discussions and answer any questions that their student may have.
- Communications could be sent in the weekly newsletter, via Canvas, etc. Each school will determine the best means of communicating the information to families.

VII. Accountability

- Student Well-being teams should keep track of which lessons their schools are implementing.

MONTGOMERY COUNTY PUBLIC SCHOOLS

Expanding Opportunity and Unleashing Potential

- Teams can develop a Google Sheet that keeps track of which lessons are taught each week.
- Parents may opt their student out of a lesson, but the student well-being team should work with the student in an alternative method to ensure that the lesson objectives are understood by the student. Students may be excluded from lessons due to prior traumatic experiences, mental health conditions, religious beliefs, etc. If a student is opted out of a lesson, the student well-being team should follow up with the student and the family to determine if additional supports are needed for the student and family.
