REPORT OF COMMITTEE CHAIR

March 30, 2022

Dear Councilors:

Docket #0312, message and ordinance amending the City of Boston Code, Ordinances, Chapter XVI, regarding targeted residential picketing, was sponsored by Mayor Michelle Wu and referred to the Committee on March 2, 2022. The Committee held a hearing on March 14, 2022 where public comment was taken and a working session on March 25, 2022.

Summary of Legislation As Filed:

The proposal would prohibit targeted residential picketing between the hours of 9:00pm and 9:00am. The term targeted residential picketing is defined as picketing, protesting, or demonstrating, with or without signs, that is specifically directed towards a particular residence or one or more occupants of the residence, and which takes place before or about the targeted residence. All other ordinances and statutes would apply including laws regarding excessive noise, disturbing the peace, and blocking streets and sidewalks. The provisions of this proposal would be enforced by the Boston Police Department (“BPD”) and violators would be subject to fines of increasing amount based upon the number of offenses with \$100.00 for first offense, \$200.00 for the second offense, and \$300.00 for the third or subsequent offenses.

Information Gathered at the Hearing:

Chair Arroyo and provided opening remarks explaining that the docket is a proposed ordinance sponsored by Mayor Michelle Wu that would regulate residential picketing. Councilor Arroyo summarized a letter written by Corporation Counsel Adam Cederbaum. The letter stated that the proposed ordinance serves as a reasonable time, place, and manner restriction on speech that is narrowly tailored to achieve a significant government interest. The letter cited the Frisby v. Shultz decision where the United States Supreme Court upheld a similar town ordinance prohibiting picketing targeted at a particular residence. *See Frisby v. Shultz*, 487 U.S. 474 (1988). The Chair explained that according to the letter the proposal is content-neutral regarding the restrictions on time, place, and manner of speech and that it’s narrowly tailored to serve a significant government interest of protecting the privacy of individuals in their homes. Further, the proposal also leaves ample alternative channels of communication.

The Committee discussed the legal standard of narrowly tailored to serve a significant governmental interest and discussed the balance of individuals’ right to protest and individuals’ right to privacy in their homes. Councilors discussed that there should be a balance with reasonable restrictions on demonstrations and privacy rights in residential homes. Councilors

discussed enforcement of the proposal as well as the enforcement of current ordinances concerning noise, disturbing the peace, and blocking sidewalks and streets. Councilors discussed adding a sunset clause to the proposal. Councilors also discussed the enforcement by BPD and concerns about disproportionate impact on certain groups and unequal enforcement.

Brianna Millor, Chief of Community Engagement, participated on behalf of the Administration. Chief Millor testified in support of the legislation and explained that she will listen to the concerns of the Councilors. Chief Millor stated that the proposal does not prevent protests. Chief Millor explained that the legislation preserves the right to protest without interfering with the quality of life of residents in the City's neighborhoods, particularly the elderly and children. Chief Millor stated that the legislation places reasonable limitations of time, place, and manner on targeted protests and establishes necessary parameters to protect the health and well-being of individuals in their homes.

The Committee heard public testimony. Public comments reflected both support of the ordinance and opposition to the ordinance. Comments supporting the ordinance expressed support because of quality of life issues. Comments against the ordinance opposed it on the basis that it violates their freedom of speech rights and their right to protest.

Information Gathered at the Working Session:

The following individuals participated on behalf of the Administration:

- Brianna Millor, Office of Community Engagement, Chief;
- Corporation Counsel Adam Cederbaum, Esq., Law Department;
- Rob Arcangeli, Esq., Law Department, Assistant Corporation Counsel;
- Superintendent Gerard Bailey, Boston Police Department, Bureau of Field Services.

The Chair summarized the issues discussed at the hearing. The Chair and the Councilors provided opening remarks. Councilors inquired about the impact of this proposal with current City ordinances particularly the noise ordinance, the need for this proposal, the enforcement of other ordinances such as the noise ordinance and disturbing the peace, and inquired about protection of the Mayor. The Committee discussed concerns with the ordinance and its necessity because of existing laws. The Chair asked how violations of noise ordinances are handled at BPD and why the BPD has not enforced noise ordinances for protests in front of someone's home. Councilors asked for data on the numbers of citations of current noise ordinances within the last ten weeks and within the last year. The Committee discussed the fines and the appeals process.

Chief Millor stated that the ordinance is necessary in order to protect the quality of life, health, and well-being of all residents in the City. Chief Millor emphasized that this ordinance regulates targeted picketing while preserving the right to protest. The City lawyers provided clarity on the legal analysis and discussed the significant government interest in protecting individuals' privacy rights within their homes. Superintendent Bailey discussed the role of the BPD, stated that BPD's role is to ensure that neighborhoods are safe to live, discussed the balance of freedom of expression and the noise of the protests, stated that the objective of BPD is to de-escalate, divert, negotiate with arrest as a last resort. Superintendent Bailey stated that no citations for violations of the current noise ordinance have been issued for protected protests. Superintendent Bailey stated that BPD has contacted West Roxbury District Court in order to address noise violations.

Councilors offered language suggestions which included defining a kind of harm as a standard in order to provide context, for example regulating activity that rises above noise level and blocking public ways; removing the word “towards” and replacing it with “against or in opposition to”; and removing “a particular residence”. The Chair asked the City lawyers if the proposed language change would violate the content neutrality standard and asked for an interpretation of the meaning of the term “subsequent offense.” Corporation Counsel reiterated that targeted residential picketing is permissible for most of the day; however, there is a significant government interest in protecting privacy in homes for all times during the day. The Chair stated that the focus of the proposal is to provide protection of neighborhoods in general

Summary of Amendments:

- Removing the words “a particular residence” after the term “towards”. The second paragraph now reads as follows: For the purpose of this section, targeted residential picketing means picketing, protesting, or demonstrating, with or without signs, that is specifically directed towards one or more occupants of a particular residence, and which takes place before or about the particular targeted residence.”
- Amending the fine structure to \$50 - \$150 - \$300, adding language that fines are determined within a 12 month period, and adding language about non-criminal disposition procedures. The fourth paragraph now reads as follows: Any violation of this section shall be punishable by a fine of fifty (\$50.00) dollars for the first offense in any twelve (12) month period, one hundred and fifty (\$150.00) dollars for the second offense in any twelve (12) month period, and three hundred (\$300.00) dollars for any third and subsequent offense in any twelve (12) month period. All fines issued under this section shall be enforced pursuant to the non-criminal disposition procedures of G. L. c. 40, s. 21D, which procedures are incorporated herein by reference.
- In the third paragraph inserting the word “state” is inserted before the term “statutes”.
- Inserting the word "harassment" in the third paragraph after the phrase “disturbing the peace.”
- Inclusion of severability language at the end of Section 1 that provides as follows: If any provision of this section shall be held to be invalid by a court of competent jurisdiction, then such provision shall be considered separately and apart from the remaining provisions, which shall remain in full force and effect.
- Inserting the following new sentence after “Boston Police Department”: Any information obtained from enforcement of this ordinance shall not be included in any database maintained by the Boston Regional Intelligence Center.

Rationale and Recommended Action:

Passage of this docket in a new draft will ensure that the expectation of privacy that individuals have in their home is protected while maintaining freedom of speech and assembly rights. This docket regulates targeted residential picketing between certain hours and imposes reasonable limitations on the time, place, and manner of speech and is content neutral. The purpose of this ordinance is to protect the quality of residential life in our city, especially to protect residents' privacy, well-being and tranquility in the sanctity of their own homes and to protect individuals from becoming captive audiences in the privacy of their own home. Although these interests are important at all times, the ordinance seeks to protect individuals' privacy in their own homes during the night and early morning when such intentional intrusion into privacy is particularly invasive and burdensome. The proposal in its amended draft provides clarity. Removing the word “a particular residence” after the term “towards” eliminates ambiguity. Including severability language is standard practice for the City and ensures that if challenged and such challenge prevails only those challenged provisions would be impacted. The proposal allows

for demonstrations during certain hours. The proposal serves to address the significant government interest in protecting the right to privacy in homes and addresses the harm caused by targeting picketing is interfering with this protected right. The proposal is narrowly tailored to serve a significant government interest of protecting the privacy of individuals in their homes while leaving ample alternative channels of communication.

By the Chair of the Committee on Government Operations, to which the following was referred:

Docket #0312, message and ordinance amending the City of Boston Code, Ordinances, Chapter XVI, regarding targeted residential picketing,

submits a report recommending that this docket **ought to pass in a new draft**.

Subject: Egleston Square, West Roxbury Court Summons Process?

Officers, Please be advised that on this date I had a discussion with Mr. Paul Murphy, Clerk of Court at West Roxbury District Court. We discussed the use and issuance of the handwritten summons process for incidents on E-13 in Egleston Square.

It is acceptable for you to handwrite the summonses requesting a hearing on the street for minor issues involving Park Rules & Regulations violations, City Ordinance violations and Misdemeanors law violations that occur in your presence. It is imperative that the alleged violator be issued the blue "Offender" copy of summons at the time of offense and at the scene. It is also required that you write in the date and time of the hearing date being requested.

The Date requested should be a Tuesday or Thursday, no earlier than 2-3 weeks from the date of offense and at 9:00am, NO EXCEPTIONS!

Thank You for your assistance in helping to make Egelston Square a residential business district that is clean, orderly and vibrant.

NARRATIVE

About 0730am on Friday April 01, 2022 Officer Callahan, assigned to the E417D, responded to a protest at 17 Augustus Ave, Roslindale.

Also on Scene was Sgt. Detective Gilmore, Sgt. Detective Chin, Sgt. O'Brien (E901), E202D Officers Ciccolo and Flavin, and E414D Officer Creavin.

Upon arrival the officer observed a group of about 6-8 protesters in the intersection of Crandall Street and Augustus Ave, holding signs and yelling.

On scene Sgt. Detective Gilmore read the 6-8 protesters the Boston City Ordinance 16-63 which prohibits targeted protests between the hours of 9:00pm and 9:00am. Sgt. O'Brien handed every protester on scene a physical copy of the Boston City ordinance 16-63.

Upon physical receipt of the city ordinance [REDACTED] acknowledged the ordinance and informed Sgt. O'Brien she would be leaving the scene. Cottone then walked to her car which was parked down the road on Crandall Street where she remained and intermittently used an amplifying device to yell.

Sgt. Detective Gilmore did issue Robert Burke City of Boston Ordinance Violation notice number 1007601 for the violation of city ordinance 16-63.

Mayor Wu was picked up at her residence by her security detail and when the Mayors car began to drive off, Cottone in her personal vehicle, began following the Mayors car while using an amplifying device to yell and harass the Mayor. Sgt. Detective Chin, of the Mayors security detail, observed Cottone following the Mayors vehicle and heard her yelling at the mayor using an amplifying device.

Officer did seek civil complaints at West Roxbury District Court against [REDACTED] and [REDACTED] for violation of city ordinances 16-63 and 16.88.

As per our conversation, here is an email I sent back in 2015 regarding city ordinances and rights of arrest

We can discuss further but I would suggest speaking with Suffolk County District Office

Subject: Municipal Law

This is taken directly from John Ezekiel's Book - he teaches Municipal Law

To prove that a person is in willful violation of an ordinance, that person must first be notified that the act he/she is committing violates a city ordinance. Therefore, an officer must first inform (give notice to) that individual that what he/she is doing violates a city ordinance. If the individual after being informed (by the officer), continues to violate the ordinance in the officer's presence, an arrest can be made for the willful violation of the particular city ordinance being violated.

MGL c. 272 s. 59 provides a police officer with the right of arrest for any violation of a city ordinance, rule or regulation, which occurs in his presence.

Note: All violations of city ordinances are misdemeanors and must be committed in your presence for you to exercise the right of arrest. Such power must be exercised with prudence, intelligence and common sense.

The words "whoever remains in willful violation", implies that a warning must be given and ignored by the violator before an arrest can be made under MGL c. 272 s. 59.

Subject: EDT's at Augustus Ave

Gentlemen,

Just wanted to make sure that you were all aware that a protester was arrested this morning outside the Mayor's house. Going forward anyone who violates 272/ 59 (Wilful Violation of a City Ordinance) is going to be subject to possible arrest. E-5 wanted us to make sure that the last half and day EDT's are aware that they will be called out and will be there in a timely fashion.

Thanks,

Pete

Powers of arrest

MGL c. 272 s. 59 provides a police officer with the right of arrest for any violation of a city ordinance, rule or regulation, which occurs in his presence.

Note: All violations of city ordinances are misdemeanors and must be committed in your presence for you to exercise the right of arrest. Such power must be exercised with prudence, intelligence and common sense.

The words “**whoever remains in willful violation**”, implies that a warning **must** be given and ignored by the violator before an arrest can be made under MGL c. 272 s. 59.

To make an arrest under MGL c. 272 s. 59 you must be authorized to serve criminal process in the place where the offense took place.

Prosecution

99% of all violations of city ordinances will not result in an arrest. To prosecute a violation of an ordinance which does not result in an arrest THE FOLLOWING MUST HAPPEN:

- ◆ A COMPLAINT MUST BE SOUGHT IN A DISTRICT COURT
- ◆ A HEARING DATE WILL BE SET AND A SUMMONS ISSUED TO ESTABLISH THE MERIT OF THE COMPLAINT
A FORMAL COMPLAINT WILL THEN BE EITHER ISSUED OR DENIED
- ◆ If denied the matter is finished
- ◆ If issued there is an arraignment and trial
- ◆ Sentencing if found guilty

It is important to note that many of the Massachusetts General Laws are duplicated by city ordinances. In such instances utilize the statute, which takes precedence over the city ordinance and is easier to prove.

Powers of arrest

MGL c. 272 s. 59 provides a police officer with the right of arrest for any violation of a city ordinance, rule or regulation, which occurs in his presence.

Note: All violations of city ordinances are misdemeanors and must be committed in your presence for you to exercise the right of arrest. Such power must be exercised with prudence, intelligence and common sense.

The words “**whoever remains in willful violation**”, implies that a warning **must** be given and ignored by the violator before an arrest can be made under MGL c. 272 s. 59.

To make an arrest under MGL c. 272 s. 59 you must be authorized to serve criminal process in the place where the offense took place.

Prosecution

99% of all violations of city ordinances will not result in an arrest. To prosecute a violation of an ordinance which does not result in an arrest THE FOLLOWING MUST HAPPEN:

- ◆ A COMPLAINT MUST BE SOUGHT IN A DISTRICT COURT
- ◆ A HEARING DATE WILL BE SET AND A SUMMONS ISSUED TO ESTABLISH THE MERIT OF THE COMPLAINT
A FORMAL COMPLAINT WILL THEN BE EITHER ISSUED OR DENIED
- ◆ If denied the matter is finished
- ◆ If issued there is an arraignment and trial
- ◆ Sentencing if found guilty

It is important to note that many of the Massachusetts General Laws are duplicated by city ordinances. In such instances utilize the statute, which takes precedence over the city ordinance and is easier to prove.

Captain,

Based on this update the PS only responds if protestors show up but the EDTs Areawide do automatically. Maybe it should be written PS is to arrive prior to 7 as they were doing before it slowed down.

Without the PS on scene prior to any protestors showing up there is no way for PS to know if protestors or EDTs showed up in real time. Could cause a long delay and your phone would blow up by the time they did. In other words, I would suggest having the PS go up before 7 and then assess.

Also, allowing the PS to release EDTs if no protestors show up leaves PS in a quandary. What time is a good time to release EDTs? 7:30 sounds good until protestors show up at 7:45 and then the proverbial phone blowing up occurs.

Maybe it should be written that areawide EDTs can be released at discretion of PS at a certain time while E5 EDTs remain until further notice. This way our numbers will be good until day tour EDTs from 13 and 18 show up.

Just some thoughts.

Hello John,

I hope all is well with you.

I'm reaching out to you because it is my understanding that you teach the City Ordinance class at the academy. I'm interested in what your thoughts are on if a person could be arrested for a willful violation of the Ordinance regarding targeted residential picketing Chapter XVI Section 16-62: See attached document. Also what chapter and section grants that power to arrest.

Further, regarding the use of an amplified device, what Law grants the power of arrest for that city Ordinance violation.

Best regards,

TO THE CITY COUNCIL

Dear Councilors:

I transmit herewith for your approval an Order, An Ordinance Regarding Targeted Residential Picketing, to protect the quality of residential life in our city. The City of Boston (the "City") has a legacy of supporting activism and free speech. The City also strives to ensure quality of life in every neighborhood. The practice of targeted residential picketing—which means picketing, protesting, or demonstrating, with or without signs, that is specifically directed towards a particular residence or one or more occupants of the residence and which takes place before or about the targeted residence—harasses residents and neighbors in their private homes and communities. Targeted residential picketing that occurs late at night or early in the morning increases the intrusion on the privacy and sanctity of the home, and is particularly harassing and detrimental to the sleep and well-being of families, including seniors and families with children.

The City is committed to the First Amendment right to protest, while upholding our responsibility to safeguard residents' privacy and the quality of residential life. This proposed regulation regarding targeted residential picketing does not prohibit picketing in residential areas or marches that pass through residential areas. Rather, it applies parameters to protect residents' well-being through reasonable restrictions on picketing directed at a specific residence only at night and in the early morning. Many other opportunities also exist for individuals to exercise their important free speech rights in the City, such as picketing, protesting, attending marches or rallies, or demonstrating in front of City Hall and other government buildings, on sidewalks, and in public parks and plazas, among others.

This Order will augment existing prohibitions against excessive noise, disturbing the peace, and blocking of streets and sidewalks by providing clear guidelines around targeted residential picketing.

I recommend the adoption of this Order by your Honorable Body.

Sincerely,

Michelle Wu
Mayor of Boston

CITY OF BOSTON
IN CITY COUNCIL

AN ORDINANCE REGARDING TARGETED RESIDENTIAL PICKETING

Be it ordained by the City Council of Boston, as follows:

SECTION 1. The City of Boston Code, Ordinances, is hereby amended in Chapter XVI by inserting the following new section after the existing Section 16-62:

16-63 An Ordinance Regarding Targeted Residential Picketing

It shall be unlawful for any person to engage in targeted residential picketing between the hours of 9:00 p.m and 9:00 a.m.

For the purpose of this section, *targeted residential picketing* means picketing, protesting, or demonstrating, with or without signs, that is specifically directed towards a particular residence or one or more occupants of the residence, and which takes place before or about the targeted residence.

Those engaged in targeted residential picketing between the hours of 9:00 a.m. and 9:00 p.m. remain subject to all other ordinances and statutes, including but not limited to laws concerning excessive noise, disturbing the peace, and blocking of streets and sidewalks.

Any violation of this section shall be punishable by a fine of one hundred (\$100.00) dollars for the first offense, two hundred (\$200.00) dollars for the second offense, and three hundred (\$300.00) dollars for any third and subsequent offense.

This section shall be enforced by the Boston Police Department.

SECTION 2. This Section 16-63 shall take effect upon passage.

**I HEREBY CERTIFY
THE FORGOING, IF PASSED IN
THE ABOVE FORM, WILL BE IN
ACCORDANCE WITH LAW.**

Hi Sgt.,

All good here, thanks! I hope all is well with you.

Any individual may be arrested for a City of Boston Ordinance violation if they remain in wilful violation of that ordinance. I always recommend that a citation (whether money or warning), report, FIO, be written as proof that you have given the offender a warning. Once that is done and the individual continues to violate that ordinance, they would be considered in wilful violation. Typically you may see the violation again at a future date and again the individual may be subject to arrest. I always talk about reasonableness when deciding how long is too long between violations. Generally a year is a good measuring point.

This particular ordinance allows for an ascending fine, so the officer may use his/her discretion and continue to fine as opposed to making the arrest. Please note that the ordinance must be in presence to cite and/or arrest. That said the knowledge of one, knowledge of all applies. Example: If the individual is cited for their first offence on Friday, April 15, 2022 by PO Smith and then commits the same offence in the presence of PO James on Monday, April 18, 2022, and PO James is aware that PO Smith cited the individual on the 15th, then PO James may arrest for this violation or continue to fine.

M.G.L 272 sec. 59 allows a police officer to make an arrest for an ordinance violation.

Chapter 272 sections 59 as amended, provides officers with a right of arrest for any violation of a city ordinance, By-law and/or rule or regulation. Such right of arrest must be exercised with prudence, intelligence, and common sense. A condition of such arrest is that the violation is committed in the officer's presence.

To prove that a person is in willful violation of an ordinance, **that person must first be notified that the act he/she is committing violates a city ordinance.** Therefore, an officer must first inform (give notice to) that individual that what he/she is doing violates a city ordinance. **If the individual after being informed (by the officer), continues to violate the ordinance in the officer's presence, an arrest can be made for the willful violation of the particular city ordinance being violated.**

Sir

Please have the following S/D report to IAD for a scheduled interview. The complaint is as follows:

On 04/01/2022, at approximately 7:15 am, protesters began arriving at the corner of Crandall and Augustus Av. The number increased to approximately 6-8 protesters. The protesters began yelling in the direction of the Mayor's house relative to the Vax Mandate and City Ordinances. These protesters were, also, waving flags and holding signs. Sgt Det. Jason Gilmore of the Mayors Security Team approached the group and advised them of the City Ordinance 16-63 regarding Targeted Residential Picketing. After advising the group of the ordinance, I (E901) provided, a copy of the CITY ORDINANCE to each protester in hand. Sgt. Cottone was present for Sgt Det Gilmore's reading of the ordinance and I personally handed Sgt Cottone a copy of the new city ordinance. A short time later, Sgt. Cottone approached and notified me that she was leaving the area. Later, I heard someone using an amplification device further down Crandall St. After several outbursts from down the street it was determined that Sgt. Cottone was now on Crandall St. street broadcasting from her personal vehicle at least two times. Finally, when the Mayor exited her house and entered the security teams vehicle, I observed that a motor vehicle began to follow the Mayor's vehicle at a close distance down Augustus onto Poplar Street towards Roslindale Sq. The vehicle was, also, using an amplification device to broadcast anti-Wu statements. This vehicle was the same vehicle that was parked down the street on Crandall and previously using an amplification device to broadcast anti Wu sentiments. The vehicle was identified as being owned and operated by Sgt, Shana Cottone. The incident was captured by BWC worn officers on the scene.

REPORT OF COMMITTEE CHAIR

March 30, 2022

Dear Councilors:

Docket #0312, message and ordinance amending the City of Boston Code, Ordinances, Chapter XVI, regarding targeted residential picketing, was sponsored by Mayor Michelle Wu and referred to the Committee on March 2, 2022. The Committee held a hearing on March 14, 2022 where public comment was taken and a working session on March 25, 2022.

Summary of Legislation As Filed:

The proposal would prohibit targeted residential picketing between the hours of 9:00pm and 9:00am. The term targeted residential picketing is defined as picketing, protesting, or demonstrating, with or without signs, that is specifically directed towards a particular residence or one or more occupants of the residence, and which takes place before or about the targeted residence. All other ordinances and statutes would apply including laws regarding excessive noise, disturbing the peace, and blocking streets and sidewalks. The provisions of this proposal would be enforced by the Boston Police Department (“BPD”) and violators would be subject to fines of increasing amount based upon the number of offenses with \$100.00 for first offense, \$200.00 for the second offense, and \$300.00 for the third or subsequent offenses.

Information Gathered at the Hearing:

Chair Arroyo and provided opening remarks explaining that the docket is a proposed ordinance sponsored by Mayor Michelle Wu that would regulate residential picketing. Councilor Arroyo summarized a letter written by Corporation Counsel Adam Cederbaum. The letter stated that the proposed ordinance serves as a reasonable time, place, and manner restriction on speech that is narrowly tailored to achieve a significant government interest. The letter cited the Frisby v. Shultz decision where the United States Supreme Court upheld a similar town ordinance prohibiting picketing targeted at a particular residence. *See Frisby v. Shultz*, 487 U.S. 474 (1988). The Chair explained that according to the letter the proposal is content-neutral regarding the restrictions on time, place, and manner of speech and that it’s narrowly tailored to serve a significant government interest of protecting the privacy of individuals in their homes. Further, the proposal also leaves ample alternative channels of communication.

The Committee discussed the legal standard of narrowly tailored to serve a significant governmental interest and discussed the balance of individuals’ right to protest and individuals’ right to privacy in their homes. Councilors discussed that there should be a balance with reasonable restrictions on demonstrations and privacy rights in residential homes. Councilors

discussed enforcement of the proposal as well as the enforcement of current ordinances concerning noise, disturbing the peace, and blocking sidewalks and streets. Councilors discussed adding a sunset clause to the proposal. Councilors also discussed the enforcement by BPD and concerns about disproportionate impact on certain groups and unequal enforcement.

Brianna Millor, Chief of Community Engagement, participated on behalf of the Administration. Chief Millor testified in support of the legislation and explained that she will listen to the concerns of the Councilors. Chief Millor stated that the proposal does not prevent protests. Chief Millor explained that the legislation preserves the right to protest without interfering with the quality of life of residents in the City's neighborhoods, particularly the elderly and children. Chief Millor stated that the legislation places reasonable limitations of time, place, and manner on targeted protests and establishes necessary parameters to protect the health and well-being of individuals in their homes.

The Committee heard public testimony. Public comments reflected both support of the ordinance and opposition to the ordinance. Comments supporting the ordinance expressed support because of quality of life issues. Comments against the ordinance opposed it on the basis that it violates their freedom of speech rights and their right to protest.

Information Gathered at the Working Session:

The following individuals participated on behalf of the Administration:

- Brianna Millor, Office of Community Engagement, Chief;
- Corporation Counsel Adam Cederbaum, Esq., Law Department;
- Rob Arcangeli, Esq., Law Department, Assistant Corporation Counsel;
- Superintendent Gerard Bailey, Boston Police Department, Bureau of Field Services.

The Chair summarized the issues discussed at the hearing. The Chair and the Councilors provided opening remarks. Councilors inquired about the impact of this proposal with current City ordinances particularly the noise ordinance, the need for this proposal, the enforcement of other ordinances such as the noise ordinance and disturbing the peace, and inquired about protection of the Mayor. The Committee discussed concerns with the ordinance and its necessity because of existing laws. The Chair asked how violations of noise ordinances are handled at BPD and why the BPD has not enforced noise ordinances for protests in front of someone's home. Councilors asked for data on the numbers of citations of current noise ordinances within the last ten weeks and within the last year. The Committee discussed the fines and the appeals process.

Chief Millor stated that the ordinance is necessary in order to protect the quality of life, health, and well-being of all residents in the City. Chief Millor emphasized that this ordinance regulates targeted picketing while preserving the right to protest. The City lawyers provided clarity on the legal analysis and discussed the significant government interest in protecting individuals' privacy rights within their homes. Superintendent Bailey discussed the role of the BPD, stated that BPD's role is to ensure that neighborhoods are safe to live, discussed the balance of freedom of expression and the noise of the protests, stated that the objective of BPD is to de-escalate, divert, negotiate with arrest as a last resort. Superintendent Bailey stated that no citations for violations of the current noise ordinance have been issued for protected protests. Superintendent Bailey stated that BPD has contacted West Roxbury District Court in order to address noise violations.

Councilors offered language suggestions which included defining a kind of harm as a standard in order to provide context, for example regulating activity that rises above noise level and blocking public ways; removing the word “towards” and replacing it with “against or in opposition to”; and removing “a particular residence”. The Chair asked the City lawyers if the proposed language change would violate the content neutrality standard and asked for an interpretation of the meaning of the term “subsequent offense.” Corporation Counsel reiterated that targeted residential picketing is permissible for most of the day; however, there is a significant government interest in protecting privacy in homes for all times during the day. The Chair stated that the focus of the proposal is to provide protection of neighborhoods in general

Summary of Amendments:

- Removing the words “a particular residence” after the term “towards”. The second paragraph now reads as follows: For the purpose of this section, targeted residential picketing means picketing, protesting, or demonstrating, with or without signs, that is specifically directed towards one or more occupants of a particular residence, and which takes place before or about the particular targeted residence.”
- Amending the fine structure to \$50 - \$150 - \$300, adding language that fines are determined within a 12 month period, and adding language about non-criminal disposition procedures. The fourth paragraph now reads as follows: Any violation of this section shall be punishable by a fine of fifty (\$50.00) dollars for the first offense in any twelve (12) month period, one hundred and fifty (\$150.00) dollars for the second offense in any twelve (12) month period, and three hundred (\$300.00) dollars for any third and subsequent offense in any twelve (12) month period. All fines issued under this section shall be enforced pursuant to the non-criminal disposition procedures of G. L. c. 40, s. 21D, which procedures are incorporated herein by reference.
- In the third paragraph inserting the word “state” is inserted before the term “statutes”.
- Inserting the word "harassment" in the third paragraph after the phrase “disturbing the peace.”
- Inclusion of severability language at the end of Section 1 that provides as follows: If any provision of this section shall be held to be invalid by a court of competent jurisdiction, then such provision shall be considered separately and apart from the remaining provisions, which shall remain in full force and effect.
- Inserting the following new sentence after “Boston Police Department”: Any information obtained from enforcement of this ordinance shall not be included in any database maintained by the Boston Regional Intelligence Center.

Rationale and Recommended Action:

Passage of this docket in a new draft will ensure that the expectation of privacy that individuals have in their home is protected while maintaining freedom of speech and assembly rights. This docket regulates targeted residential picketing between certain hours and imposes reasonable limitations on the time, place, and manner of speech and is content neutral. The purpose of this ordinance is to protect the quality of residential life in our city, especially to protect residents' privacy, well-being and tranquility in the sanctity of their own homes and to protect individuals from becoming captive audiences in the privacy of their own home. Although these interests are important at all times, the ordinance seeks to protect individuals' privacy in their own homes during the night and early morning when such intentional intrusion into privacy is particularly invasive and burdensome. The proposal in its amended draft provides clarity. Removing the word “a particular residence” after the term “towards” eliminates ambiguity. Including severability language is standard practice for the City and ensures that if challenged and such challenge prevails only those challenged provisions would be impacted. The proposal allows

for demonstrations during certain hours. The proposal serves to address the significant government interest in protecting the right to privacy in homes and addresses the harm caused by targeting picketing is interfering with this protected right. The proposal is narrowly tailored to serve a significant government interest of protecting the privacy of individuals in their homes while leaving ample alternative channels of communication.

By the Chair of the Committee on Government Operations, to which the following was referred:

Docket #0312, message and ordinance amending the City of Boston Code, Ordinances, Chapter XVI, regarding targeted residential picketing,

submits a report recommending that this docket **ought to pass in a new draft**.

Summary:

On 04/01/2022, at approximately 7:15 am, protesters began arriving at the corner of Crandall and Augustus Av. The number increased to approximately 6-8 protesters. The protesters began yelling in the direction of the Mayor's house relative to the Vax Mandate and City Ordinances. These protesters were, also, waving flags and holding signs. Sgt Det. Jason

Gilmore of the Mayors Security Team approached the group and advised them of the City Ordinance 16-63 regarding Targeted Residential Picketing.. After advising the group of the ordinance, I (E901) provided, a copy of the CITY ORDINANCE to each protester in hand. Sgt. Cottone was present for Sgt Det Gilmore's reading of the ordinance and I personally handed Sgt Cottone a copy of the new city ordinance. A short time later, Sgt. Cottone approached me and notified me that she was leaving the area. Later, I heard someone using an amplification device further down Crandall St. After several outbursts form down the street it was determined that Sgt. Cottone was now on Crandall St. street broadcasting from her personal vehicle at least two times. Finally, when the Mayor exited her house and entered the security teams vehicle, I observed that a motor vehicle began to follow the Mayor's vehicle at a close distance down Augustus onto Poplar Street towards Roslindale Sq, The vehicle was, also, using a amplification device to broadcast anti Wu statements , This vehicle was the same vehicle that was parked down the street on Crandall and previously using an amplification device to broadcast ant Wu sentiments. The vehicle was identified as being owned and operated by Sgt, Shana Cottone, The incident was captured by BWC worn officers on scene .
