Willy Rashbaum from the Times just called and says they know or believe that a search warrant is being conducted in Mamaroneck this morning at a location that is either the residence of Eric Cochrane (sp?) — who may or may not be a whistle-blower — or a Project Veritas office. He believes this is in connection with a Florida investigation into whether Project Veritas stole, or purchased a stolen, diary belonging to (b) (6), (b) (7)(C).

Two searches:

Manhattan search at (b) (6), (b) (7)(C), home of Spencer Meads.
(b) (6), (b) (7)(C), home of Project Veritas head James O'Keefe.

Times now believes it's not "a Florida investigation" but an SDNY investigation, "and it involves more than just the diary" (no elaboration on that).
