Dear Requester:

This is the final response to your Freedom of Information Act (FOIA) request, originally received by the United States Secret Service (Secret Service) on January 4, 2023, for “[a]ny and all records related to incidents of aggression and bites involving the Biden family dog, ‘Commander,’” during the time frame of “December 14, 2021 to the present.”

After a detailed review of all potentially responsive records, 194 pages have been released in whole or in part. An audiovisual file that is approximately thirteen seconds in length that was attached to an email at page USSS-00053 has been fully withheld. Exemptions under the FOIA Statute, Title 5 U.S.C. § 552 have been applied where deemed appropriate. Please be advised that we have considered the foreseeable harm standard when reviewing records and applying FOIA exemptions.

Enclosed are the documents responsive to your request as well as a document that explains the exemptions in more detail. Withheld information is pursuant to the exemptions marked below. The above-referenced audiovisual file is withheld pursuant to exemptions (b)(6) and (b)(7)(C). Please note that the records at pages USSS-00159 to USSS-00194 are draft emails that were not sent.

Subject: Commander

All,

FYSA: This evening (b) (7)(E) took Commander outside for his usual dog walk through the Rose Garden. As Commander moved through the Palm Room doors, he inflicted a “friendly soft bite” on SA (b) (6), (b) (7)(C)’s forearm as (b) (6), (b) (7)(C) held the door open. Afterwards, SA (b) (6), (b) (7)(C) told SA (b) (6), (b) (7)(C) (Whip) that no skin was broken from the bite and (b) (6), (b) (7)(C) business suit was not ripped in any way. (b) (6), (b) (7)(C) was fine. SA (b) (6), (b) (7)(C) advised SA (b) (6), (b) (7)(C) to have the WH Doc look at it, which (b) (6), (b) (7)(C) did. The Doc (b) (6), (b) (7)(C) (b) (6), (b) (7)(C).

The event seemed to be minor enough that (b) (7)(E) didn’t notice that Commander had even made contact with SA (b) (6), (b) (7)(C). As (b) (7)(E) walked to the ground floor elevator, he voiced (b) (6), (b) (7)(C) (b) (6), (b) (7)(C).

In light of past incidents, I just wanted to keep you all in the loop. Thanks again to Whip (b) (6), (b) (7)(C) for properly handling the situation.

Subject: Family Pet Incident

Good Morning,

At approximately 0706 hours, ERT Officer-Tech (b) (6), (b) (7)(C) was involved in an incident involving the Family pet. While the Family pet was out for their morning walk, the dog jumped on Ofc-Tech (b) (6), (b) (7)(C) and "bite" at (b) (6), (b) (7)(C) arm/wrist area. (b) (6), (b) (7)(C) did not suffer any injuries. The incident was reported to me by Lt (b) (6), (b) (7)(C) in the JOC and said that the ERT supervisor would be pushing notifications up as well.

The incident can be seen on Camera (b) (7)(E) – 07:06:30-07:07:04

Regards,

(b) (6), (b) (7)(C)

Good morning;

Recently, Commander has been exhibiting extremely aggressive behavior. Today; while posted, he came charging at me. The First Lady couldn't regain control of commander and he continued to circle me. I believe it's only a matter of time before an agent/officer is attacked or bit.

He would have bit me today if I didn't step towards him a couple different times. It was bad enough that the agent on the detail asked if I got bit- just so you're aware.

Hi (b) (6), (b) (7)(C),

Hope you are having a good weekend. You are not bothering me at all. This is why I am here. Happy to help you. I am sorry you are having such difficulty uploading the documentation. I will be more than happy to upload whatever documents you need me to tomorrow when I get in office. If you want, just send me all forms in an email and I will upload and email you letting you know that I did so. However, if you would like to send me a teams meeting and share your screen, I might be able to see what the issue is. Also, I am unable to access your case until your supervisor does release it, but your supervisor can go into your case and he can return the case to you for clarification and corrections. Once the supervisor has returned your claim to you, you will see it on your ecomp dashboard as "Returned to Filer". This should allow you to go in and make the changes. I hope this helps. Please reach out to me anytime you need anything.

Hi (b) (6), (b) (7)(C),
Hope you are having a good weekend. You are not bothering me at all. This is why I am here. Happy to help you. I am sorry you are having such difficulty uploading the documentation. I will be more than happy to upload whatever documents you need me to tomorrow when I get in office. If you want, just send me all forms in an email and I will upload and email you letting you know that I did so. However, if you would like to send me a teams meeting and share your screen, I might be able to see what the issue is. Also, I am unable to access your case until your supervisor does release it, but your supervisor can go into your case and he can return the case to you for clarification and corrections. Once the supervisor has returned your claim to you, you will see it on your ecomp dashboard as "Returned to Filer". This should allow you to go in and make the changes. I hope this helps. Please reach out to me anytime you need anything.

Thank you ,

At approximately 0650 hours, I began to walk across the South roadway from (b) (6), (b) (7)(C) to my next post assignment at (b) (6), (b) (7)(C). Good evening,

I was sitting at (b) (6), (b) (7)(C) when I heard the dog bark with a loud aggressive sound. I looked up and saw him at the landing of the ushers staircase. I made eye contact with him and grabbed the black chair I was sitting on and held it in front of me while backing up.

The White House Usher (b) (6), (b) (7)(C) stepped out of her office and climbed the staircase to him with a leash in her hand that he was not attached to. She escorted him up to the residence level with no leash attached to him. The Usher then discussed with the agent at (b) (6), (b) (7)(C) whom he walked past in order to get to my post about "keeping the door cracked to prevent him from getting out."

ALCON,

Please see below statement from SA (b) (6), (b) (7)(C)

It is to be noted, this occurred after departing the family movie theatre with (b) (7)(E) Commander and family members (total 6 participants). POTUS requested to take Commander (on the leash) to the Kennedy Garden. Once at the KG, POTUS took Commander off the leash to run free. I was present to observe (b) (6), (b) (7)(C) departing from the Kennedy Garden to move behind (b) (7)(E) toward the south ground drive via the internal garden gate when this occurred. POTUS was present and convened in the very quick interaction of Commander and seemed concerned about SA (b) (6), (b) (7)(C) who professionally continued to the South Ground drive for coverage. As previously stated, (b) (6), (b) (7)(C) remained professional, calm and showed a mature demeanor during and after in the incident. No staff (usher) or press was present during this event or notified.

Any further questions, please contact me.

Respectfully,

All,

While being assigned to (b) (7)(E) at the Wilmington Lakehouse in Delaware, I was notified of an issue with an alarm sound going off on the keypad at the residence and responded to investigate. Today, at approximately 1100 hours, while speaking with (b) (6), (b) (7)(C) the house guest taking care of the residence, she cracked the front glass door of the residence to speak to me while standing outside the residence and Commander squeezed his way through the door and immediately bit/latched onto the lower right side of my back. (b) (6), (b) (7)(C) told Commander to get down and assisted with pulling him off. The total incident did not last more than about 10 seconds and Commander went back inside the residence. (b) (6), (b) (7)(C) was apologetic after the incident. After checking my lower back, there's a 1x1 scratched bruised spot where Commander grabbed onto and was bleeding consistent of a scratch like rug burn. At this time, I do not need medical attention and I've made all emergency notifications as required.

All,

While being assigned to (b) (7)(E) at the Wilmington Lakehouse in Delaware, I was notified of an issue with an alarm sound going off on the keypad at the residence and responded to investigate. Today, at approximately 1100 hours, while speaking with (b) (6), (b) (7)(C) the house guest taking care of the residence, she cracked the front glass door of the residence to speak to me while standing outside the residence and Commander squeezed his way through the door and immediately bit/latched onto the lower right side of my back. (b) (6), (b) (7)(C) told Commander to get down and assisted with pulling him off. The total incident did not last more than about 10 seconds and Commander went back inside the residence. (b) (6), (b) (7)(C) was apologetic after the incident. After checking my lower back, there's a 1x1 scratched bruised spot where Commander grabbed onto and was bleeding consistent of a scratch like rug burn. At this time, I do not need medical attention and I immediately notified the Lakehouse PPD WHIP Special Agent (b) (6), (b) (7)(C) and my TSD Branch Chief (b) (6), (b) (7)(C)

Just FYSA, I was in the house today with (b) (6), (b) (7)(C) and Commander with no issues. Granted he knows me by this point, but he was very animated and jumping up in addition to putting his mouth over my arm in a playful way (not biting).

As I wasn't there yesterday, I don't know exactly how the encounter with (b) (6), (b) (7)(C) went down, but (b) (6), (b) (7)(C) said it wasn't aggressive, more playful. When (b) (6), (b) (7)(C) turned away, it sounds like commander's tooth got caught on (b) (6), (b) (7)(C) shirt and the abrasion to (b) (6), (b) (7)(C) skin was part of that.

Hi (b) (6), (b) (7)(C),

Hope you are having a good weekend. You are not bothering me at all. This is why I am here. Happy to help you. I am sorry you are having such difficulty uploading the documentation. I will be more than happy to upload whatever documents you need me to tomorrow when I get in office. If you want, just send me all forms in an email and I will upload and email you letting you know that I did so. However, if you would like to send me a teams meeting and share your screen, I might be able to see what the issue is. Also, I am unable to access your case until your supervisor does release it, but your supervisor can go into your case and he can return the case to you for clarification and corrections. Once the supervisor has returned your claim to you, you will see it on your ecomp dashboard as "Returned to Filer". This should allow you to go in and make the changes. I hope this helps. Please reach out to me anytime you need anything.

Thank you,

Good evening,

I was sitting at (b) (6), (b) (7)(C) when I heard the dog bark with a loud aggressive sound. I looked up and saw him at the landing of the ushers staircase. I made eye contact with him and grabbed the black chair I was sitting on and held it in front of me while backing up.

The White House Usher (b) (6), (b) (7)(C) stepped out of her office and climbed the staircase to him with a leash in her hand that he was not attached to. Subject: Incident at Wilmington Lakehouse

All,

While being assigned to (b) (7)(E) at the Wilmington Lakehouse in Delaware, I was notified of an issue with an alarm sound going off on the keypad at the residence and responded to investigate. Today, at approximately 1100 hours, while speaking with (b) (6), (b) (7)(C) the house guest taking care of the residence, she cracked the front glass door of the residence to speak to me while standing outside the residence and Commander squeezed his way through the door and immediately bit/latched onto the lower right side of my back. (b) (6), (b) (7)(C) told Commander to get down and assisted with pulling him off. The total incident did not last more than about 10 seconds and Commander went back inside the residence. (b) (6), (b) (7)(C) was apologetic after the incident. After checking my lower back, there's a 1x1 scratched bruised spot where Commander grabbed onto and was bleeding consistent of a scratch like rug burn. At this time, I do not need medical attention and I immediately notified the Lakehouse PPD WHIP Special Agent (b) (6), (b) (7)(C) and my TSD Branch Chief (b) (6), (b) (7)(C)

May want to defer to SAF but a dog bite should always be checked. Easy infection.

Hi Ms. (b) (6), (b) (7)(C)

I received the below email from (b) (6), (b) (7)(C) regarding a letter from DOL. I am not sure if you remember this case, but the CA 1 had been filed by you (thank you for your help on it) however; I am not sure how to answer (b) (6), (b) (7)(C) when looking at this letter. I do not believe the dog bite can be reflected as a third party..

Apologies for the late response, just now catching up to non St Croix emails.

I've advised Staff and requested Commander be "kenneled" anytime one of us knocks on the door. Additionally, I've reported up my PPD COC.

Please keep me posted on your injury

Subject: Incident at Wilmington Lakehouse

All,

While being assigned to (b) (7)(E) at the Wilmington Lakehouse in Delaware, I was notified of an issue with an alarm sound going off on the keypad at the residence and responded to investigate. Today, at approximately 1100 hours, while speaking with (b) (6), (b) (7)(C) the house guest taking care of the residence, she cracked the front glass door of the residence to speak to me while standing outside the residence and Commander squeezed his way through the door and immediately bit/latched onto the lower right side of my back. (b) (6), (b) (7)(C) told Commander to get down and assisted with pulling him off. The total incident did not last more than about 10 seconds and Commander went back inside the residence. (b) (6), (b) (7)(C) was apologetic after the incident. After checking my lower back, there's a 1x1 scratched bruised spot where Commander grabbed onto and was bleeding consistent of a scratch like rug burn. At this time, I do not need medical attention and I immediately notified the Lakehouse PPD WHIP Special Agent (b) (6), (b) (7)(C) and my TSD Branch Chief (b) (6), (b) (7)(C)

Please let me know if you have any questions.

Respectfully,
