On Saturday, July 29, 2023, SA (b) (6), (b) (7)(C) was working on a (b) (6), (b) (7)(C) (b) (7)(E) detail temporary assignment in Rehoboth Beach, DE at POTUS RON. As part of SA (b) (6), (b) (7)(C) assignment at the Beach house was to provide security coverage in designated post locations at the residence and assist POTUS detail in the shift rotation. At approximately 1400hrs SA (b) (6), (b) (7)(C) needed to continue the push rotation at the Beach House backyard patio post (post (b) (6), (b) (7)(C) in preparation for a (b) (7)(E) detail movement. SA (b) (6), (b) (7)(C) entered through the front gate of the RON into the backyard patio to make the push rotation at post (b) (6), (b) (7)(C). Not noticing and unaware that the first family dog (Commander) was loose and off leash in the backyard patio at that time. As SA (b) (6), (b) (7)(C) walked to the backyard patio Post (b) (6), (b) (7)(C) booth, Commander started to bark but did not know from which direction Commander was barking from or the location of the dog. In the background SA (b) (6), (b) (7)(C) heard the voice of what believes to be FLOTUS Dr. Jill Biden (b) (7)(E) yelling “(b) (6), (b) (7)(C), (b) (6), (b) (7)(C)”. Commander ran towards the direction of post (b) (6), (b) (7)(C) booth and bit SA (b) (6), (b) (7)(C) in the left forearm. Causing a severe deep open wound. As result of the attack SA (b) (6), (b) (7)(C) started to loose a significant amount of blood from (b) (6), (b) (7)(C) arm. SA (b) (6), (b) (7)(C) remained calm and walked away from the area looking for help.

After the incident occurred, SA (b) (6), (b) (7)(C) proceeded to get treatment from the White House Medical team at the White House Medical house in Rehoboth Beach across from the RON. The Doctor that provided first aid and treatment on scene was Dr. (b) (6), (b) (7)(C) (b) (6), (b) (7)(C). SA (b) (6), (b) (7)(C) received six (6) stitches in the left hand forearm and antibiotics for the wound. As per (b) (6), (b) (7)(C), the antibiotics are to be taken twice a day for a duration of ten (10) days. SA (b) (6), (b) (7)(C) after receiving treatment from White House medical, continued to work for the duration of (b) (6), (b) (7)(C) shift.
