DAD Gladly / SAIC Crunkilton –

(b)(5) DHS has received the attached letter from the RFK Jr. campaign requesting protection. The letter references an assessment the campaign has conducted on its own – it is apparently a little large for scanning, so I am working with HLS to retrieve and deliver to HQ – will advise as soon as we have it in hand. DHS is seeking input on the appropriate process for response so they can task / track in their systems appropriately. Once you've had a chance to review, please let me know what the preference is so we can stay synced.

I've also attached the reference documents I provided earlier (2020 letter to the advisory committee and guidance document).

SAIC Crunkilton –

Still waiting to receive a copy of the actual Kennedy request from ESEC (they are working on scanning it). In the meantime, thought I'd put the guidelines and previous process at the top of you inbox!

Attached are the guidelines for the candidate protection advisory committee. I've also attached a draft of the letter that was provided to the committee in March 2020 regarding the guidelines and process (I'm still hunting down the signed copy of the letter, but this is the draft that went to AS1 for signature).

The basics are:

DHS designates a "recording secretary" to provide notice to the congressional advisory committee when a request is received, along with the information needed to conduct their assessment - FEC filing status, avg polling status, and USSS threat assessment (see draft letter to Sgt at Arms). (b)(5)

(b)(5)

(b)(5)

Once DHS sends me a copy of the request received from the Kennedy campaign, I will send to you and DAD Gladly. Currently just seeking guidance to provide to DHS as to appropriate process / tasking for response.
