Family pets

All:

Yesterday two (b) (6), (b) (7)(C) officers observed the family pet- "Champ"- German Sheppard, becoming more aggressive towards people, especially when the Labradoodle- "Brother" is around.

Today, "Champ" showed aggression towards a grounds worker. The CP put out a broadcast for all personnel to avoid playing with or interacting with the family pets.

Please make your personnel aware of this issue, and advise the CP to broadcast when the family pets are out on the grounds for the safety of our officers.

Lt. (b) (6), (b) (7)(C)
