Re: FOIA-2024-02118
24-cv-2176 (D.D.C.)
VRB:JMB:JMS

Dear Sean Dunagan:

This is an interim response to your Freedom of Information Act (FOIA) request, dated June 1, 2024 and received in this Office on June 3, 2024, seeking records concerning the interview transcripts of former President Joseph Biden associated with the investigation of Special Counsel Robert Hur.

Please be advised that an initial search has been conducted and records responsive to your request were located. We have completed the processing of fifty-two pages containing records responsive to your request. At this time, I have determined that this material is appropriate for release with certain information withheld, including some withholdings on behalf of the Federal Bureau of Investigation (FBI) and United States Secret Service (USSS), pursuant to Exemptions 6, 7(C), 7(E), and 7(F) of the FOIA, 5 U.S.C. § 552(b)(6), (b)(7)(C), (b)(7)(E), and (b)(7)(F), and copies are enclosed. Exemption 6 pertains to information the release of which would constitute a clearly unwarranted invasion of personal privacy. Exemption 7(C) pertains to records or information compiled for law enforcement purposes, the release of which could reasonably be expected to constitute an unwarranted invasion of personal privacy. Exemption 7(E) pertains to records or information compile for law enforcement purposes, the release of which would disclose certain techniques and procedures or guidelines for law enforcement investigations or prosecutions. Exemption 7(F) pertains to records or information compiled for law enforcement purposes, the release of which could reasonably be expected to endanger the life or physical safety of an individual. Please be advised that we have considered the foreseeable harm standard when reviewing records and applying FOIA exemptions.

Finally, please be advised that the enclosed pages contain certain duplicative material, which has not been processed and is marked accordingly.

For your information, Congress excluded three discrete categories of law enforcement and national security records from the requirements of the FOIA. *See* 5 U.S.C. § 552(c) (2018). This response is limited to those records that are subject to the requirements of the

FOIA. This is a standard notification that is given to all our requesters and should not be taken as an indication that excluded records do, or do not, exist.

If you have any questions regarding this response, please contact Robert Meyer at the Department's Civil Division, Federal Programs Branch, at (202) 305-0872.

Hi (b) (6), (b) (7)(C)

I'll be out of the office tomorrow for some (b) (6), (b) (7)(C) so give us a bit to figure out who can go which days. With it being 5 hours it'll definitely take a few days.

If more than one person has to come and work on it, is it possible to have multiple certificate pages indicating which pages each transcriber worked on?

Good morning. Would someone be able to start transcribing a classified interview tomorrow? The length is at least 5 hours and needs to be completed ASAP with the utmost accuracy. It is going to be highly scrutinized. I'm supposed to get the recording from the FBI today to load onto the laptop. I'm going to book the court reporter's SCIF for the next three days so at least it's scheduled and potentially look at next week if needed.

Now that the interviews of the President have concluded, we would like to discuss with you the written presentations that we are preparing to aid in the resolution of this matter, as well as the schedule for their timely submission. To this end, we request a meeting for the purpose of hearing from you where matters stand in the case, which would enable us to focus our presentations on the issues it would be most helpful for us to address. The meeting would include both personal and White House Counsel.

Given our mutual interest in the most expeditious possible resolution, we suggest meeting at the earliest possible time. So we would ask if you would be available this week, tomorrow or Friday. Please let us know if there are times on those days that would be convenient for you. We would propose the morning, possibly 10 AM if workable on your end, but we are flexible on the time. Jennifer will be in Boston, but we could arrange for her participation by zoom.

As you know, we also have an outstanding request for copies of the exhibits you provided in your interview of the President. We have noted that these exhibits would be necessary in our review of the transcripts of the interviews to check for any omissions or inaccuracies. We believe it is fair that we have access to this material at least for this purpose. This is one of the issues we would like to resolve at the meeting, along with an understanding for our planning purposes of when the interview transcript may be available for review in both audio and video form.

Thank you,

Best,
Bob

Dick and Rachel,

We had the court reporter who prepared the transcript review your suggested revisions. She accepted most of them. This table lists your revisions and then describes whether we did or did not make changes.

We may have to send the transcript itself on the high side next week. I will let you know when we do.

Thank you.

Marc

Page 45: Line 23	(Indiscernible) MS. COTTON: Mm-hmm. (Whispering).	This statement and/or any whispering is not discernible.	Did not change.	The audio recording contains a faint sound at this time stamp, but it is entirely indiscernible. Nothing on the audio supports anyone whispering or saying “mm hmm.” Suggesting otherwise would be misleading. We ask that the SCO listen to the audio, which supports the White House’s requested correction.
Page 49: Lines 24-25	Secretary of Defense? <u>Gates</u> . UNIDENTIFIED MALE SPEAKER: Gates.	According to the audio, President Biden says “Gates” prior to the unidentified male speaker.	Secretary of Defense? <u>Gates?</u> UNIDENTIFIED MALE SPEAKERS: Gates.	The court reporter inserted a question mark that is unsupported by the audio recording. It is clear that the President said “Gates” as a statement rather than a question. We ask that the question mark be replaced with a period, such that the language reads: Secretary of Defense? <u>Gates</u> . UNIDENTIFIED MALE SPEAKERS: Gates.

Good evening. Would you be able to come back (hopefully, the last time) on Friday, 3/1 or Monday, 3/4 (the sooner, the better)? There are more edits to the President's transcript. I'll have an exact number tomorrow. I'm getting the computer back so it will be blank when you arrive so it will need your software on it again. It got wiped when I thought everything was finished. I'll meet you out front with a new parking pass. My apologies for the inconvenience.

Is it possible for you to plug in The flash drives in to see what's on them?

We would have to purchase Microsoft Word to bring it on a new flash drive so as it's already there that would be better and I'd hate for one of us to show up without it and then need it

Yep, I got them. Was just wondering if you needed new-in-box ones instead.

The flash drive was at the bottom of the bag, I believe. But if not, I can put the programs on another flash drive. You would just need to make sure Word is installed on the laptop.
