(U) Interview of [REDACTED] (nee [REDACTED])

Continuation of FD-302 of [REDACTED], On 07/15/2024, Page 2 of 3

2:28

[REDACTED] reported that the Beaver County ESU team were provided two Butler County radios to monitor two different channels during the event, one was patrol. Beaver County ESU commander [REDACTED] was notified to move, so the team prepared to move. During that time, [REDACTED] advised that the team was also aware of reporting from their sniper element of a questionable subject in the area that could not be located.

5:20-7:00

b6 -3,6
b7C -3,6

[REDACTED] was in the Beaver County ESU vehicle, a Bearcat, with rest of team. The vehicle, driven by [REDACTED] initially stopped at the command post and moved towards the first victim. The bearcat was moved between the victim and crowd. The Butler County medic, named [REDACTED] was first to victim. [REDACTED] reported there were three health care providers with the victim, so [REDACTED] did not move to provide support. She then looked for others that may need medical assistance.

7:40 - 10:35

[REDACTED] did not have access to Butler County radios and only had access to a Beaver County radio. She does not remember who told her, but there were reports for medial assistance needed at the AGR facility. She coordinated with [REDACTED] to request operator support to travel from stage area to the facility. She traveled with [REDACTED] and [REDACTED]. They went through a small space between a fence that separated the fairgrounds and AGR facility. She was advised that there may have been multiple operators down, a potential shootout and that the shooter was down. She encountered a uniformed officer and was told that support was needed on the roof. She utilized a black collapsible ladder to get onto the roof of the AGR facility.

10:45 - 11:20

At 1823, [REDACTED] arrived on roof and did not see any officers down. She was told by others on the roof to evaluate the shooter. She observed that the shooter had injuries not sustainable for life. She checked the shooters pulse on the carotid on the right side and did not find one. She pronounced him dead at 1825.

11:55 - 15:00

[REDACTED] observed that the shooter laying prone, face-down and handcuffed with flex-cuffs. The rifle was off to the shooters left. There were medical supplies near the shooter, but it did not belong to her. There were two Butler County SWAT officers, one Washington County SWAT officer and a uniformed Butler County officer on the roof with her. The Washington County SWAT officer checked the shooter's right pocket and discovered a gray remote device with numerical push buttons and an antenna and a cell phone.
