Enclosures

As referenced in our letter responding to your Freedom of Information/Privacy Acts (FOIPA) request, the FBI FOIPA Addendum provides information applicable to your request. Part 1 of the Addendum includes standard responses that apply to all requests. Part 2 includes standard responses that apply to requests for records about individuals to the extent your request seeks the listed information. Part 3 includes general information about FBI records, searches, and programs.

Part 1: The standard responses below apply to all requests:

- (i) **5 U.S.C. § 552(c).** Congress excluded three categories of law enforcement and national security records from the requirements of the FOIPA [5 U.S.C. § 552(c)]. FBI responses are limited to those records subject to the requirements of the FOIPA. Additional information about the FBI and the FOIPA can be found on the www.fbi.gov/foia website.
- (ii) **Intelligence Records.** To the extent your request seeks records of intelligence sources, methods, or activities, the FBI can neither confirm nor deny the existence of records pursuant to FOIA exemptions (b)(1), (b)(3), and as applicable to requests for records about individuals, PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(1), (b)(3), and (j)(2)]. The mere acknowledgment of the existence or nonexistence of such records is itself a classified fact protected by FOIA exemption (b)(1) and/or would reveal intelligence sources, methods, or activities protected by exemption (b)(3) [50 USC § 3024(i)(1)]. This is a standard response and should not be read to indicate that any such records do or do not exist.

Part 2: The standard responses below apply to all requests for records on individuals:

- (i) **Requests for Records about any Individual—Watch Lists.** The FBI can neither confirm nor deny the existence of any individual's name on a watch list pursuant to FOIA exemption (b)(7)(E) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (j)(2)]. This is a standard response and should not be read to indicate that watch list records do or do not exist.
- (ii) **Requests for Records about any Individual—Witness Security Program Records.** The FBI can neither confirm nor deny the existence of records which could identify any participant in the Witness Security Program pursuant to FOIA exemption (b)(3) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(3), 18 U.S.C. 3521, and (j)(2)]. This is a standard response and should not be read to indicate that such records do or do not exist.
- (iii) **Requests for Confidential Informant Records.** The FBI can neither confirm nor deny the existence of confidential informant records pursuant to FOIA exemptions (b)(7)(D), (b)(7)(E), and (b)(7)(F) [5 U.S.C. §§ 552 (b)(7)(D), (b)(7)(E), and (b)(7)(F)] and Privacy Act exemption (j)(2) [5 U.S.C. § 552a (j)(2)]. The mere acknowledgment of the existence or nonexistence of such records would reveal confidential informant identities and information, expose law enforcement techniques, and endanger the life or physical safety of individuals. This is a standard response and should not be read to indicate that such records do or do not exist.

Part 3: General Information:

- (i) **Record Searches and Standard Search Policy.** The Record/Information Dissemination Section (RIDS) searches for reasonably described records by searching systems, such as the Central Records System (CRS), or locations where responsive records would reasonably be found. The CRS is an extensive system of records consisting of applicant, investigative, intelligence, personnel, administrative, and general files compiled by the FBI per its law enforcement, intelligence, and administrative functions. The CRS spans the entire FBI organization, comprising records of FBI Headquarters, FBI Field Offices, and FBI Legal Attaché Offices (Legats) worldwide; Electronic Surveillance (ELSUR) records are included in the CRS. The standard search policy is a search for main entity records in the CRS. Unless specifically requested, a standard search does not include a search for reference entity records or administrative records of previous FOIPA requests.
 - a. *Main Entity Records* – created for individuals or non-individuals who are the subjects or the focus of an investigation
 - b. *Reference Entity Records*- created for individuals or non-individuals who are associated with a case but are not known subjects or the focus of an investigation
- (ii) **FBI Records.** Founded in 1908, the FBI carries out a dual law enforcement and national security mission. As part of this dual mission, the FBI creates and maintains records on various subjects; however, the FBI does not maintain records on every person, subject, or entity.
- (iii) **Foreseeable Harm Standard.** As amended in 2016, the Freedom of Information Act provides that a federal agency may withhold responsive records only if: (1) the agency reasonably foresees that disclosure would harm an interest protected by one of the nine exemptions that FOIA enumerates, or (2) disclosure is prohibited by law (5 United States Code, Section 552(a)(8)(A)(i)). The FBI considers this foreseeable harm standard in the processing of its requests.
- (iv) **Requests for Criminal History Records or Rap Sheets.** The Criminal Justice Information Services (CJIS) Division provides Identity History Summary Checks – often referred to as a criminal history record or rap sheet. These criminal history records are not the same as material in an investigative “FBI file.” An Identity History Summary Check is a listing of information taken from fingerprint cards and documents submitted to the FBI in connection with arrests, federal employment, naturalization, or military service. For a fee, individuals can request a copy of their Identity History Summary Check. Forms and directions can be accessed at www.fbi.gov/about-us/cjis/identity-history-summary-checks. Additionally, requests can be submitted electronically at www.edo.cjis.gov. For additional information, please contact CJIS directly at (304) 625-5590.

[redacted] was THOMAS CROOK's direct line [redacted] in the [redacted] [redacted] began working at Bethel Park Nursing and Rehab (BPNR) facility approximately [redacted] years ago. [redacted] was shocked when he found out about CROOKS in the news. CROOKS was hired as a dietary aide at BPNR between four or five years ago. CROOKS was described as a "odd, young kid" who was sweet and "down to earth." He always did what was asked of him at work and never complained. He never appeared under the influence. CROOKS always was willing to help when there was a need in the kitchen. For instance, CROOKS generally did not mind working six days a week to assist with shift coverage. [redacted] never heard CROOKS make any suspicious or concerning comments regarding politics or any political candidates. Even after the recent Presidential Debate between President JOE BIDEN and former President DONALD TRUMP, [redacted] never heard of CROOKS making any comments pertaining to candidates or the upcoming election. CROOKS never mentioned anything about firearms or going to a shooting range. CROOKS usually spoke about ghost peppers because he liked spicy food.

b6 -2
b7C -2

[redacted] last saw CROOKS on Friday July 12, 2024 when he was scheduled to work. [redacted] recalled CROOKS asking if he could work on Sunday, July 14, 2024, instead of Saturday, July 13, 2024. [redacted] recalled CROOKS saying something to the effect of: "I have something to do on Saturday. Can I work Sunday?" Although CROOKS generally worked on Saturdays instead of Sundays, [redacted] allowed him to pick up the shift on Sunday. As such, CROOKS was expected to work the morning shift on Sunday, July 14, 2024. CROOKS generally worked the 12PM -8PM shift even though there were times when he worked the morning shift.

Abstract The purpose of this study was to determine the effect of a 12-week training program on the physical fitness of 10-year-old children. The study was conducted in a primary school in the city of Ankara, Turkey. The study group consisted of 20 children (10 boys and 10 girls) who were randomly selected from the 10-year-old children in the school. The children were divided into two groups: a control group and an experimental group. The control group did not participate in any physical activity during the 12-week period, while the experimental group participated in a 12-week training program. The physical fitness of the children was measured at the beginning and at the end of the 12-week period. The results of the study showed that the experimental group had significantly higher levels of physical fitness than the control group at the end of the 12-week period. The results also showed that the 12-week training program had a positive effect on the physical fitness of 10-year-old children.

b7C -2

The individual believed to be CROOKS was accompanied by a white male believed to be around his mid 30's and another older white male with a gray beard, potentially one of the individual's father. The individual believed to be CROOKS and the two other males can be seen wandering throughout the firearms store looking at various firearms. The individual believed to be CROOKS subsequently purchased 20 rounds of Red Army 7.62x 54R 148gr FMJ and left shortly thereafter.

[REDACTED] and [REDACTED] provided the following items:

b6 -2
b7C -2

- Receipt of ammunition purchase dated May 25, 2024
- Point of Contact list of Keystone Armory who witnessed person of interest
- Video/photo surveillance from outside and inside business on May 25, 2024

All items will be attached to the 1A section of this file.

Investigative notes: Due to the video/photo surveillance data being too large, Keystone armory needed a day or two to download the video/photo surveillance to a USB. Investigative Agent picked up the USB at a later date on 7/25/2024 after it was downloaded and ready for retrieval from Keystone armory.

[redacted] date of birth [redacted]
[redacted] telephone number [redacted] was interviewed by phone. After being advised of the identity of the interviewing TFO, [redacted] provided the following information:

b6 -2
b7C -2

[redacted] returned from his trip to [redacted] on 07/23/24. On 07/24/24 he attempted to contact this TFO by phone leaving a voicemail message. On 07/25/24 this TFO spoke to [redacted] by phone. [redacted] advised that he first met THOMAS CROOKS at the Community College of Allegheny County (CCAC) Allegheny Campus located in the City of Pittsburgh's Northside during the Fall Semester 2023. They were in a [redacted] class together. [redacted] started class late due to a scheduling error. So, when he arrived he sat at a table with [redacted] who was the only person he knew in class. At that same lab table was THOMAS CROOKS.

b6 -2,3
b7C -2,3

[redacted] stated that he and [redacted] whom [redacted] stated had already been interviewed by the FBI, were lab partners with CROOKS for the Fall 2023 semester. [redacted] and CROOKS were classmates at CCAC in a Spring 2024 [redacted] class as well. However, they were not lab partners during the Spring class.

b6 -2,3
b7C -2,3

[redacted] stated that during his time in class with CROOKS, CROOKS never spoke of any of his own personal life nor personal beliefs. [redacted] described CROOKS as very quiet and very smart. He was helpful in class. CROOKS never showed any signs of having a sense of humor. According to [redacted] the only things CROOKS would speak about was class and professors. [redacted] and [redacted] invited CROOKS to breakfast on at least two occasions trying to be nice. However, CROOKS declined both times. [redacted] did admit that he communicated via messaging with CROOKS a few times outside of class.

b6 -2,3
b7C -2,3

When questioned regarding what [REDACTED] had told this TFO last week regarding CROOKS making anti-Trump statements, [REDACTED] advised that she couldn't have gotten it more wrong. [REDACTED] was very upset when he learned that [REDACTED] told this TFO that information because he knew that it was completely untrue. [REDACTED] adamantly reiterated that CROOKS never spoke of anything personal during the times they communicated.
